3. Tax increment financing shall not be used for more than five percent of the total estimated redevelopment costs or thirty percent of the infrastructure costs, whichever is greater, of a project that is primarily retail unless the redevelopment is in a municipality, census block group, or group of block groups with a median household income less than seventy percent of that of the metropolitan area, a distressed community as defined in section 135.530, a federal enterprise zone, or a federal empowerment zone. Tax increment financing shall not be used to develop sites in which twenty-five percent or more of the area is vacant and was not previously developed, presently qualifies as "open space" under section 67.900, or is presently used for agricultural or horticultural purposes, except if the redevelopment project is contained in the municipality's comprehensive plan or consumes less than ten acres of land contiguous to a central business district located outside a metropolitan statistical area of the state.

99.870. Commencing with the first fiscal year in which any municipality receives any payments in lieu of taxes from a redevelopment project and continuing through the last fiscal year in which the municipality receives such payments, the municipality shall pay to any other taxing entities entitled to receive revenue from levies on real property in such municipality, an amount equal to twenty-five percent of the payments in lieu of taxes received by the municipality. This amount shall be divided among the other affected taxing entities on a basis that is proportional to the collections of revenue from real property in the development area to which each such taxing district is entitled during that tax year. If a tax increment financing project includes residential uses, absent a recommendation to the contrary from commission members representing the affected school board or boards, real property tax levies attributable to the residential portion of the development shall pass through to the school district or districts.

99.872. The municipality and the developer shall annually submit information to the department regarding the approved plan. The department shall establish reporting requirements by rule promulgated under chapter 536. The report shall, at a minimum, identify the number and location of redevelopment areas, quantify public investment in each, assess the public benefit as quantified in terms of tax revenue and net new job creation, and show the economic impact of the project on each taxing district which is at least partially within the boundaries of the redevelopment area. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void. The department shall submit a report to the governor and the general assembly by the last day of April of each year.

99.873. Any district providing emergency services under chapter 190 or 321 shall be entitled to reimbursement from the special allocation fund for direct costs. However, such reimbursement shall not be less than twenty-five percent nor more than one hundred percent of the district's tax increment."; and

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law (sections 281.220 to 281.310) which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in

whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

195.600. For the purposes of sections 195.600 to 195.609, the following terms shall mean:

(1) "Agricultural hemp seed", Cannabis sativa L. seed that meets any labeling, quality, or other standards set by the department of agriculture and that is intended for sale, is sold to, or is purchased by licensed growers for planting;

(6) "Handler", a person, joint venture, or cooperative that receives industrial hemp for processing into commodities, products, or agricultural hemp seed;

(7) "Industrial hemp", the same as such term is defined in section 195.010;

(8) "Industrial hemp plant monitoring system", an electronic seed-to-sale tracking system that includes, but is not limited to, testing and data collection established and maintained by a grower or handler and available to the department for purposes of documenting and for monitoring agricultural hemp seed and industrial hemp plant development throughout the life cycle of an industrial hemp plant cultivated as an agricultural product from seed planting to final packaging.

195.603. 1. There is hereby created an industrial hemp agricultural pilot program to be implemented by the department. Industrial hemp production, possession, and commerce in industrial hemp commodities and products shall be permitted in this state under sections 195.600 to 195.609.

2. Industrial hemp shall be an agricultural product that is subject to regulation by the department of agriculture, including compliance with an industrial hemp plant monitoring system. Any grower and handler of industrial hemp shall obtain a license from the department. Growers and handlers engaged in the production of agricultural hemp seed shall also have an agricultural hemp seed production permit.

3. An application for an industrial hemp license or agricultural hemp seed production permit shall include:

(1) The name and address of the applicant;

(2) The name and address of the industrial hemp operation of the applicant;

(3) The global positioning system coordinates and legal description for the property used for the industrial hemp; and

(4) Any other information required by the department.

4. The department shall issue a license or permit under this section to an applicant who meets the requirements of sections 195.600 to 195.609 and upon satisfactory completion of a fingerprint criminal history background check. A license or permit shall not be issued to a person who has been found guilty of a felony offense in the ten years immediately preceding the application date or a person who at any time has been found guilty of a felony offense under any state or federal law regarding the possession, distribution, manufacturing, cultivation, or use of a controlled substance.

5. Upon issuance of a license or permit, information regarding all license and permit holders shall be forwarded to the state highway patrol.

6. An industrial hemp license or agricultural hemp seed production permit is:

(1) Nontransferable; except that, such license or permit may be transferred to a spouse or child, who otherwise meets the requirements of a licensee or permitee, and the spouse or child may operate under the existing license or permit until the registration expires, at which time the renewal shall reflect the change in licensee;

(2) Valid for a three-year term unless revoked by the department; and

(3) May be renewed as determined by the department.

7. An agricultural hemp seed production permit authorizes a grower or handler to produce and handle agricultural hemp seed for sale to licensed industrial hemp growers and handlers. The department shall make information that identifies sellers of agricultural hemp seed available to growers, and any seller of agricultural hemp seed shall ensure that the seed complies with any standards established by the department.

8. A grower may retain seed from each industrial hemp crop to ensure a sufficient supply of seed for that grower for the following year. A grower shall not be required to obtain an agricultural hemp seed production permit in order to retain seed for future planting. Any seed retained by a grower for future planting shall not be sold or transferred.

9. Every grower or handler shall be subject to an industrial hemp plant monitoring system and shall keep industrial hemp crop and agricultural hemp seed records as required by the department. If a crop contains an average tetrahydrocannabinol concentration exceeding three-tenths of one percent on a dry weight basis, the department may detain, seize, or embargo the crop.

11. The department shall charge each grower or handler reasonable fees as determined by the department for the purpose of carrying out the duties of the department under sections 195.600 to 195.609, including fees to cover the administrative costs of processing license and permit applications, the costs of the criminal history background check, and the cost of any inspection of the grower or handler ordered by the department. All fees collected under sections 195.600 to 195.606 shall be deposited in a dedicated fund for use by the department to carry out the duties of the department under sections 195.600 to 195.609.

12. The department shall promulgate rules necessary to administer the provisions of sections 195.600 to 195.609. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. Sections 195.600 to 195.609 and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void.

(4) A final order of the department that is specifically directed to the grower's or handler's industrial hemp operations or activities.

2. In addition, the department may revoke or refuse to issue or renew an industrial hemp license or an agricultural hemp seed production permit for failing to comply with any provision of this chapter or for a violation of any rule of the department that pertains to agricultural operations or activities other than industrial hemp growing or handling.

195.609. 1. Any person growing industrial hemp who does not have a valid industrial hemp license issued under sections 195.600 to 195.609 shall be subject to an administrative fine of five hundred dollars and shall obtain a valid license to grow industrial hemp within thirty days.

2. If during the thirty-day period described in subsection 1 of this section such person applies for and receives an industrial hemp license, the amount of the fine imposed under subsection 1 of this section shall be refunded in full.

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

TWENTY-NINTH DAY, THURSDAY, FEBRUARY 25, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

He who is of God hears the words of God. (John 8:47)

O God, Source of Mercy, whose strength supports us in our labor and whose Spirit sustains us in our work, give us a new and a fresh realization of Your presence as we wait upon You in prayer. Grant us patience when we demand too much too soon and decisions do not go our way; courage in the face of apparent defeat that we may still believe in the ultimate victory of the good for the good of all; and love when we falter in fear and fail in faithfulness that we may have the steady assurance that You are with us loving us to the very end and strengthening us for every noble endeavor.

Deliver our State from harm and strife, especially during this earthquake awareness month and lead us in the paths of peace, prosperity and safety as we leave for this weekend, for Your Name's sake.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Charlie Smith, Nora Lee Brown and Alma Lydia Munoz.

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

THIRTIETH DAY, MONDAY, FEBRUARY 29, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Representative Caleb Rowden.

Heavenly Father, we come before You today, humbled and overwhelmed by the blessings You have bestowed upon us. We are unworthy and in desperate need of Your grace — a grace that You offer us generously and freely.

I thank You for the blessing of this country — a country that was founded upon the idea that every single person — regardless of their race, religion, or neighborhood could and should have access to life, liberty, and the pursuit of happiness. May we collectively as Republicans and Democrats remember the foundations of this country as we do the people's work every day in this chamber.

I thank You for the blessing of our families — who stand behind us as we seek to serve the people of Missouri. I would ask that You give our spouses working extra hours supernatural strength and wisdom and our children and grandchildren an understanding of the important work we are doing and the role this work will play in their future.

And I thank You for Your Son — my selfless Savior who lived a life filled with and guided by hope and love who pointed people toward a future that didn't have to be defined by their past. Thank You for that truth!

I ask for Your guidance and direction on the members of this Missouri House. May we listen and think before we speak and always be mindful of the consequences our decisions have on the people of this great state. May You be glorified in our words, in our actions and in our lives.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-ninth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

THIRTY-FIRST DAY, TUESDAY, MARCH 1, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

To this end we toil and strive, because we have our hope set on the living God. (I Timothy 4:10)

O God, Our Loving Sustainer, who has called us to walk in Your ways and to live with hope in our hearts, grant unto us the steady assurance that although at times we forget You, You never forget us, and although we let You down, You never let us down. May Your spirit abide in us through all our changing moods and sustain us in every worthwhile effort.

Bless the young people of our State. Strengthen our youth that they may have full regard for the rights of all their peers. Help them to use their freedom to discover in themselves their very best, to find creative channels for their restless endeavors, and to live and labor for justice for all, humility among all, and liberty for all.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

THIRTY-SECOND DAY, WEDNESDAY, MARCH 2, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

The Lord is my defense: and God is the rock of my refuge. (Psalm 94:22)

O Lord, my Rock, who is the refuge of all peoples, we pray that our lives may be built not upon the shifting sands of superficial spirits but upon the firm foundation of a fruitful faith in You.

As we pray, reveal to us Your glory, make known Your wisdom, and awaken in us a greater desire for goodness, truth, and humility that our affections may be purified, our ambitions refined, our minds cleansed, and a right spirit be renewed within us. Ennobled by Your presence, may we be, for our generation, channels through which Your kingdom may come and Your will be done on earth.

We pray for our State that our people may grow in a sense of sincere responsibility, may cultivate the spirit of harmony, and may dare to be practical citizens sustaining the hands and hearts of all who venture to end tensions and to bring peace to all points of our Show-Me State.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-first day was approved as printed.

Representative Miller offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Bill No. 1745, Page 1, In the Title, Line 3, by deleting all of said line and inserting in lieu thereof the word "transportation."; and

Further amend said bill and page, Section 301.067, Line 16, by inserting after all of said section and line the following:

"301.560. 1. In addition to the application forms prescribed by the department, each applicant shall submit the following to the department:

(1) Every application other than a renewal application for a motor vehicle franchise dealer shall include a certification that the applicant has a bona fide established place of business. Such application shall include an annual certification that the applicant has a bona fide established place of business for the first three years and only for every other year thereafter. The certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located; except that in counties of the first classification, certification may be performed by an officer of a metropolitan police department when the applicant's established place of business of distributing or selling motor vehicles or trailers is in the metropolitan area where the certifying metropolitan police officer is employed. When the application is being made for licensure as a boat manufacturer or boat dealer, certification shall be performed by a uniformed member of the Missouri state **[**water patrol stationed in the district area in which the applicant's place of business is located or by a uniformed member of the Missouri state**]** highway patrol **or authorized or designated employee** stationed in the troop area in which the applicant's place of business is located or, if the applicant's place of business is located within the jurisdiction of a metropolitan police department in a first class county, by an officer of such metropolitan police department. A bona fide established place of business for any new motor vehicle franchise dealer, used motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle dealer, trailer dealer, or wholesale or public auction shall be a permanent enclosed building or structure, either owned in fee or leased and actually occupied as a place of business by the applicant for the selling, bartering, trading, servicing, or exchanging of motor vehicles, boats, personal watercraft, or trailers and wherein the public may contact the owner or operator at any reasonable time, and wherein shall be kept and maintained the books, records, files and other matters required and necessary to conduct the business. The applicant's place of business shall contain a working telephone which shall be maintained during the entire registration year. In order to qualify as a bona fide established place of business for all applicants licensed pursuant to this section there shall be an exterior sign displayed carrying

the name of the business set forth in letters at least six inches in height and clearly visible to the public and there shall be an area or lot which shall not be a public street on which multiple vehicles, boats, personal watercraft, or trailers may be displayed. The sign shall contain the name of the dealership by which it is known to the public through advertising or otherwise, which need not be identical to the name appearing on the dealership's license so long as such name is registered as a fictitious name with the secretary of state, has been approved by its line-make manufacturer in writing in the case of a new motor vehicle franchise dealer and a copy of such fictitious name registration has been provided to the department. Dealers who sell only emergency vehicles as defined in section 301.550 are exempt from maintaining a bona fide place of business, including the related law enforcement certification requirements, and from meeting the minimum yearly sales;

(2) The initial application for licensure shall include a photograph, not to exceed eight inches by ten inches but no less than five inches by seven inches, showing the business building, lot, and sign. A new motor vehicle franchise dealer applicant who has purchased a currently licensed new motor vehicle franchised dealership shall be allowed to submit a photograph of the existing dealership building, lot and sign but shall be required to submit a new photograph upon the installation of the new dealership sign as required by sections 301.550 to 301.573. Applicants shall not be required to submit a photograph annually unless the business has moved from its previously licensed location, or unless the name of the business or address has changed, or unless the class of business has changed;

(3) Every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, trailer dealer, or boat dealer shall furnish with the application a corporate surety bond or an irrevocable letter of credit as defined in section 400.5-102, issued by any state or federal financial institution in the penal sum of twenty-five thousand dollars on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the dealer complying with the provisions of the statutes applicable to new motor vehicle franchise dealers, used motor vehicle dealers, powersport dealers, wholesale motor vehicle dealers, trailer dealers, and boat dealers, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the dealer's license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party. Additionally, every applicant as a new motor vehicle franchise dealer, a used motor vehicle dealer, a powersport dealer, a wholesale motor vehicle dealer, or boat dealer shall furnish with the application a copy of a current dealer garage policy bearing the policy number and name of the insurer and the insured;

(4) Payment of all necessary license fees as established by the department. In establishing the amount of the annual license fees, the department shall, as near as possible, produce sufficient total income to offset operational expenses of the department relating to the administration of sections 301.550 to 301.580. All fees payable pursuant to the provisions of sections 301.550 to 301.580, other than those fees collected for the issuance of dealer plates or certificates of number collected pursuant to subsection 6 of this section, shall be collected by the department for deposit in the state treasury to the credit of the "Motor Vehicle Commission Fund", which is hereby created. The motor vehicle commission fund shall be administered by the Missouri department of revenue. The provisions of section 33.080 to the contrary notwithstanding, money in such fund shall not be transferred and placed to the credit of the general revenue fund until the amount in the motor vehicle commission fund at the end of the biennium exceeds two times the amount of the appropriation from such fund for the preceding fiscal year or, if the department requires permit renewal less frequently than yearly, then three times the appropriation from such fund for the preceding fiscal year. The amount, if any, in the fund which shall lapse is that amount in the fund which exceeds the multiple of the appropriation from such fund for the preceding fiscal year.

2. In the event a new vehicle manufacturer, boat manufacturer, motor vehicle dealer, wholesale motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle auction, trailer dealer, or a public motor vehicle auction submits an application for a license for a new business and the applicant has complied with all the provisions of this section, the department shall make a decision to grant or deny the license to the applicant within eight working hours after receipt of the dealer's application, notwithstanding any rule of the department.

3. Upon the initial issuance of a license by the department, the department shall assign a distinctive dealer license number or certificate of number to the applicant and the department shall issue one number plate or certificate bearing the distinctive dealer license number or certificate of number and two additional number plates or certificates of number within eight working hours after presentment of the application. Upon renewal, the department shall issue the distinctive dealer license number or certificate of number as quickly as possible. The issuance of such distinctive dealer license number or certificate of number shall be in lieu of registering each motor

vehicle, trailer, vessel or vessel trailer dealt with by a boat dealer, boat manufacturer, manufacturer, public motor vehicle auction, wholesale motor vehicle dealer, wholesale motor vehicle auction or new or used motor vehicle dealer.

4. Notwithstanding any other provision of the law to the contrary, the department shall assign the following distinctive dealer license numbers to:

Boat dealers	M-0 through M-9999

For purposes of this subsection, qualified transactions shall include the purchase of salvage titled vehicles by a licensed salvage dealer. A used motor vehicle dealer who also holds a salvage dealer's license shall be allowed one additional plate or certificate number per fifty-unit qualified transactions annually. In order for salvage dealers to obtain number plates or certificates under this section, dealers shall submit to the department of revenue on August first of each year a statement certifying, under penalty of perjury, the dealer's number of purchases during the reporting period of July first of the immediately preceding year to June thirtieth of the present year. The provisions of this subsection shall become effective on the date the director of the department of revenue begins to reissue new license plates under section 301.130, or on December 1, 2008, whichever occurs first. If the director of revenue begins reissuing new license plates under the authority granted under section 301.130 prior to December 1, 2008, the director of the department of revenue shall notify the revisor of statutes of such fact.

5. Upon the sale of a currently licensed new motor vehicle franchise dealership the department shall, upon request, authorize the new approved dealer applicant to retain the selling dealer's license number and shall cause the new dealer's records to indicate such transfer.

6. In the case of new motor vehicle manufacturers, motor vehicle dealers, powersport dealers, recreational motor vehicle dealers, and trailer dealers, the department shall issue one number plate bearing the distinctive dealer license number and may issue two additional number plates to the applicant upon payment by the manufacturer or dealer of a fifty dollar fee for the number plate bearing the distinctive dealer license number and ten dollars and fifty cents for each additional number plate. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Boat dealers and boat manufacturers shall be entitled to one certificate of number bearing such number upon the payment of a fifty dollar fee. Additional number plates and as many additional certificates of number may be obtained upon payment of a fee of ten dollars and fifty cents for each additional plate or certificate. New motor vehicle manufacturers shall not be issued or possess more than three hundred forty-seven additional number plates or certificates of number annually. JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

THIRTY-THIRD DAY, THURSDAY, MARCH 3, 2016

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

O come, let us worship and bow down; let us kneel before the Lord, our Maker. (Psalm 95:6)

O God, Our Maker, out of the confusion of this busy session we come with very humble hearts to worship You. From the things that we have done we come into Your presence to ponder what You have done for us. As we wait upon You, powerfully renew in us the spirit of wonder, joy, and love.

From our prayers send us out into this full day to be better and effective representatives of the people of our beloved State. Put depth, devotion, and dedication into our patriotism. Bless our military, active and retired, and their families who we honor today. May we not simply speak of doing our duty, but may we bear some burden of useful service for this State we love with all our hearts. Enlist each one of us in the ranks of those who serve their community and who lift the level of our public life to the highest and noblest goals. Therefore may we make our legislature a more positive place in which our young people's futures may live and grow by solid and wise legislation defended by the brave.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Mya Vega.

THIRTY-FOURTH DAY, MONDAY, MARCH 7, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Reverend Robbie Myers.

Dear Heavenly Father,

We come to You today as this august body begins a new week serving the people of the great state of Missouri. We ask that You provide the House members guidance, wisdom and compassion as they perform their solemn and earnest duties.

Also, we take a moment to remember the life and service of our nation's former First Lady Nancy Reagan. As we honor her memory, we ask for Your blessings to the spouses and families of these House members and all elected officials as they share in the tremendous sacrifice required for public service.

Thank You for all the blessings that You have bestowed on this state and we beseech Your continued presence in our daily lives.

In Jesus' name we pray, Amen.

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

THIRTY-FIFTH DAY, TUESDAY, MARCH 8, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Let us hear the conclusion of the whole matter: fear God and keep His commandments: for this is the whole duty of man. (Ecclesiastes 12:13)

Almighty and Ancient God who has created us and protects us day by day, we bow in Your presence at the beginning of another morning to offer unto You the devotion of our hearts. Grant each of us inner resources of spiritual power that we may not be overcome by stress, but rising above it and make each day a Joy. Give us radiant personalities so filled with happiness that we may display to all citizens the faith we profess.

We pray for our State, our Governor, our Speaker, Members of our House, those who work with them, and all our people. Following the leading of Your spirit and walking in the way of Your commandments, may we here in the Show Me State find a new unity in a common faith and a common endeavor, and living close to You find ourselves closer to each other in truth and charity as we wrestle with the budget of our State.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Zoey Medsker, Michael Rakers, Gabriel Rakers, and Isabel Rakers.

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

THIRTY-SIXTH DAY, WEDNESDAY, MARCH 9, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Now abideth faith, hope, love, these three: but the greatest of these is love. (I Corinthians 13:13)

O Lord, Almighty King, our Eternal Source of Wisdom, power, and love, lead us through changes of this life upon earth to rest our hearts with You. Help us to see You more clearly, to think about You more frequently, to pray to You more earnestly, and to do Your will more faithfully. In You may we find confidence and courage for living.

In our minds we place before You those near and dear to us, and others whose lives have blended with ours and bring to us a sense of privilege and responsibility. Do bless them generously and sustain them in Your service. Lay Your hand upon all those who are sick, comfort those who are sad, give courage to the discouraged, strength to the weak, light to those who sit in darkness, and love to those who would keep bitterness in their hearts.

We pray for our beloved House of Representatives that we as an assembly of freely elected citizens may choose wisely, live worthily, relate ourselves to others affirmatively, and dare to be pioneers in humility, strengthening the hands of those who would lead us in the paths of mercy. Together may we go forward to build the kingdom of justice, truth, and love.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Rylee Evers and Ethan Limbach.

The Journal of the thirty-fifth day was approved as printed by the following vote:

refund shall be allowed unless duplicate copies of a claim for refund are filed within three years from date of overpayment.

3. Every claim for refund must be in writing and signed by the applicant, and must state the specific grounds upon which the claim is founded. Any refund or any portion thereof which is erroneously made, and any credit or any portion thereof which is erroneously allowed, may be recovered in any action brought by the director of revenue against the person legally obligated to remit the tax. In the event that a tax has been illegally imposed against a person legally obligated to remit the tax, the director of revenue shall authorize the cancellation of the tax upon the director's record.

4. Notwithstanding the provisions of section 32.057, a purchaser that originally paid sales or use tax to a vendor or seller may submit a refund claim directly to the director of revenue for such sales or use taxes paid to such vendor or seller and remitted to the director, provided no sum shall be refunded more than once, any such claim shall be subject to any offset, defense, or other claim the director otherwise would have against either the purchaser or vendor or seller, and such claim for refund is accompanied by either:

(2) In the event the vendor or seller fails or refuses to provide an assignment of rights statement within sixty days from the date of such purchaser's written request to the vendor or seller, or the purchaser is not able to locate the vendor or seller or the vendor or seller is no longer in business, the purchaser may provide the director a notarized statement confirming the efforts that have been made to obtain an assignment of rights from the vendor or seller. Such statement shall contain a list of the transactions covered by the assignment, the tax periods and location for which the original sale was reported to the director of revenue by the vendor or seller.

6. Notwithstanding the provisions of this section, the director of revenue shall authorize direct-pay agreements to purchasers which have annual purchases in excess of seven hundred fifty thousand dollars pursuant to rules and regulations adopted by the director of revenue. The customer shall include in such written notification the street address for the customer's place of primary use, the account name and number for which the customer seeks a correction of the tax assignment, a description of the error asserted by the customer and any other information the home service provider reasonably requires to process the request;

(3) Within sixty days of receiving the customer's notice, the home service provider shall review its records and the electronic database or enhanced zip code to determine the customer's correct taxing jurisdiction. If the home service provider determines that the review shows that the amount of tax, assignment of place of primary use or taxing jurisdiction is in error, the home service provider shall correct the error and, at its election, either refund or credit the amount of tax erroneously collected to the customer for a period of up to three years from the last day of the home service provider's sixty-day review period. If the home service provider determines that the review shows that the amount of tax, the assignment of place of primary use or the taxing jurisdiction is correct, the home service provider shall provide a written explanation of its determination to the customer.

8. For all refund claims submitted to the department of revenue on or after September 1, 2003, notwithstanding any provision of this section to the contrary, if a person legally obligated to remit the tax levied pursuant to sections 144.010 to 144.525 has received a refund of such taxes for a specific issue and submits a subsequent claim for refund of such taxes on the same issue for a tax period beginning on or after the date the original refund check issued to such person, no refund shall be allowed. If the director of revenue fails to respond to such letter ruling request within sixty days of receipt by the director, the director of revenue shall be barred from pursuing collection of any assessment of sales or use tax with respect to the issue which is the subject of the letter ruling request. For purposes of this subsection, the term "letter ruling" means a written interpretation of law by the director to a specific set of facts provided by a specific taxpayer or his or her agent.

10. If any tax was paid more than once, was incorrectly collected, or was incorrectly computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.510 against any deficiency or tax due discovered through an audit of the person by the department of revenue through adjustment during the same tax filing period for which the audit applied.

11. Notwithstanding any provision of law to the contrary, the director of revenue shall allow refund claims from businesses that paid sales and use tax assessments as a result of an audit by the department of revenue, between August 28, 2005 and August 28, 2015, when the department expanded its interpretation of taxable items and the taxpayer did not collect the tax from the taxpayer's customers. The refund shall be allowed in an amount equal to the amount actually paid on such assessment by the taxpayer plus interest accrued on such tax payment. The amount of interest shall be calculated using the interest rate established under section 32.065 and using the period of time such tax payment was in the department's possession, as determined by the department. JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

THIRTY-SEVENTH DAY, THURSDAY, MARCH 10, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Give ear, O Lord, unto my prayer; and attend to the voice of my supplications. (Psalm 86:6)

Bless us this day, Our God, with a fresh realization of Your presence, and strengthen us to face our tasks with faith and with humility. As we meet at the beginning of another day, bless our lives that they may be armored with all holy graces in our desire to represent our people well. Grant us wisdom, grant us courage, that we not fail our citizens nor You.

Help us to keep our minds clear, our hearts clean, and our spirits confident. May we live so honestly and so hopefully that no disputes may discourage us, no failures cause us to falter, and no falsehoods make us dishonest to ourselves, to others, or to You.

Give to us Your love and, in all the changes of this life, keep us loyal and loving unto the very end. Then open for us the gates of life eternal.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Taylee Johnson Noland and Julia Johnson.

The Journal of the thirty-sixth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

THIRTY-EIGHTH DAY, MONDAY, MARCH 14, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Representative Nick King.

O God, we thank Thee for the creation of this earth; for the creation of this great country and for the opportunity to sit in this House and represent the will of the people of the great state of Missouri. We ask Thee this day, to fill our hearts with love for those we are called to serve and to bless our minds with clarity as we seek to do the business of this State.

Please bless us as we strive to remember that we are not here to glorify ourselves, but to glorify Thee. Bless us that we will remember that there are many sides to every issue and that flexibility in our conversations and decisions can often bring the best results. Bless us with listening ears, Heavenly Father, so we can be better servants for our fellow citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Mariam Kavtaradze.

The Journal of the thirty-seventh day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

THIRTY-NINTH DAY, TUESDAY, MARCH 15, 2016

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

They that wait upon the Lord shall renew their strength; they shall walk and not faint. (Isaiah 40:31)

Loving and Eternal God, Creator, as we travel through the hours of this legislative day may we be humble in spirit, helpful in attitude, faithful in service, and fruitful in all good works.

Deliver us from worries that wear us out, from resentments that tear us down, and from frustrations that weaken our zeal. Help us to realize that though life may have a few difficulties and some strong disagreements, we must not allow these issues to become too negative, nor permit different opinions to make us too disagreeable, and certainly never allow them to weaken our faith or lower our ideas.

Grant wisdom and courage to our Speaker and all Members of our House of Representatives, including our Press, and those who work diligently with them as they set themselves to deal with the struggles that confront our State today.

Together may all of us walk in Your ways and not grow faint, but be aware in this "Ides of March!"

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-eighth day was approved as corrected by the following vote:

HCS HB 1912, relating to political subdivisions, was taken up by Representative Hinson.

Representative Jones offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 1912, Page 8, Section 139.031, Line 88, by inserting after all of said section and line the following:

"197.315. 1. Any person who proposes to develop or offer a new institutional health service within the state must obtain a certificate of need from the committee prior to the time such services are offered.

2. Only those new institutional health services which are found by the committee to be needed shall be granted a certificate of need. Only those new institutional health services which are granted certificates of need shall be offered or developed within the state. No expenditures for new institutional health services in excess of the applicable expenditure minimum shall be made by any person unless a certificate of need has been granted.

3. After October 1, 1980, no state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed without obtaining a certificate of need.

4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to 197.366, the committee shall notify the attorney general, and he shall apply for an injunction or other appropriate legal action in any court of this state against that person.

5. After October 1, 1980, no agency of state government may appropriate or grant funds to or make payment of any funds to any person or health care facility which has not first obtained every certificate of need required pursuant to sections 197.300 to 197.366.

6. A certificate of need shall be issued only for the premises and persons named in the application and is not transferable except by consent of the committee.

7. Project cost increases, due to changes in the project application as approved or due to project change orders, exceeding the initial estimate by more than ten percent shall not be incurred without consent of the committee.

8. Periodic reports to the committee shall be required of any applicant who has been granted a certificate of need until the project has been completed. The committee may order the forfeiture of the certificate of need upon failure of the applicant to file any such report.

9. A certificate of need shall be subject to forfeiture for failure to incur a capital expenditure on any approved project within six months after the date of the order. The applicant may request an extension from the committee of not more than six additional months based upon substantial expenditure made.

10. Each application for a certificate of need must be accompanied by an application fee. The time of filing commences with the receipt of the application and the application fee. The application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project, whichever is greater. All application fees shall be deposited in the state treasury. Because of the loss of federal funds, the general assembly will appropriate funds to the Missouri health facilities review committee.

11. In determining whether a certificate of need should be granted, no consideration shall be given to the facilities or equipment of any other health care facility located more than a fifteen-mile radius from the applying facility.

12. When a nursing facility shifts from a skilled to an intermediate level of nursing care, it may return to the higher level of care if it meets the licensure requirements, without obtaining a certificate of need.

13. In no event shall a certificate of need be denied because the applicant refuses to provide abortion services or information.

14. A certificate of need shall not be required for the transfer of ownership of an existing and operational health facility in its entirety.

15. A certificate of need may be granted to a facility for an expansion, an addition of services, a new institutional service, or for a new hospital facility which provides for something less than that which was sought in the application.

16. The provisions of this section shall not apply to facilities operated by the state, and appropriation of funds to such facilities by the general assembly shall be deemed in compliance with this section, and such facilities shall be deemed to have received an appropriate certificate of need without payment of any fee or charge. **The provisions of this subsection shall not apply to hospitals operated by the state and licensed under chapter 197, except for department of mental health state-operated psychiatric hospitals.**

17. Notwithstanding other provisions of this section, a certificate of need may be issued after July 1, 1983, for an intermediate care facility operated exclusively for the intellectually disabled.

18. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a certificate of need shall not be required for the purchase and operation of**:**

(1) Research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a certificate of need must be obtained for continued use in such facility**; or**

(2) Equipment that is to be used by an academic health center operated by the state in furtherance of its research or teaching missions.

Section B. Because immediate action is necessary to preserve access to quality health care facilities for the citizens of Missouri, the repeal and reenactment of section 197.315 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 197.315 of section A of this act shall be in full force and effect upon its passage and approval."; and

The director of revenue shall notify each fire protection district or municipality of each instance of any amount refunded or any check redeemed from receipts due the fire protection district or municipality. In the event a tax within a fire protection district is approved pursuant to this section, and such fire protection district is dissolved, if the boundaries of the fire protection district are identical to that of the city, the tax shall continue and proceeds shall be distributed to the governing body of the city formerly containing the fire protection district and the proceeds of the tax shall be used for fire protection services within such city.

6. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section.

The governing body of any fire protection district which operates within both a county of the first classification with a charter form of government and with a population greater than six hundred thousand but less than nine hundred thousand and a county of the fourth classification with a population greater than thirty thousand but less than thirty-five thousand and that adjoins a county of the first classification with a charter form of government, **[**or**]** the governing body of any fire protection district which contains a city of the fourth classification having a population greater than two thousand four hundred when the city is located in a county of the first classification without a charter form of government having a population greater than one hundred fifty thousand and the county contains a portion of a city with a population greater than three hundred fifty thousand**, or the governing body of any fire protection district which operates in a county of the third classification with a population greater than fourteen thousand but less than fourteen thousand two hundred** may impose a sales tax in an amount of up to one-half of one percent on all retail sales made in such fire protection district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no sales tax imposed pursuant to the provisions of this section shall be effective unless the governing body of the fire protection district submits to the voters of the fire protection district, at a county or state general, primary or special election, a proposal to authorize the governing body of the fire protection district to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the fire protection district of ..... (district's name) impose a district-wide sales tax of ..... for the purpose of providing revenues for the operation of the fire protection district?

[ ] YES [ ] NO

If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the fire protection district shall not impose the sales tax authorized in this section unless and until the governing body of the fire protection district resubmits a proposal to authorize the governing body of the fire protection district to impose the sales tax authorized by this section and such proposal is approved by a majority of the qualified voters voting thereon.

3. All revenue received by a fire protection district from the tax authorized pursuant to the provisions of this section shall be deposited in a special trust fund and shall be used solely for the operation of the fire protection district.

4. All sales taxes collected by the director of revenue pursuant to this section on behalf of any fire protection district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in the fire protection district sales tax trust fund established pursuant to section 321.242. The moneys in the fire protection district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust and which was collected in each fire protection district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of the fire protection district and the public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the fire protection district which levied the tax. Such funds shall be deposited with the treasurer of each such fire protection district, and all expenditures of funds arising from the fire protection district sales tax trust fund shall be for the operation of the fire protection district and for no other purpose.

5. The director of revenue may **[**authorize the state treasurer to**]** make refunds from the amounts in the trust fund and credited to any fire protection district for erroneous payments and overpayments made and may redeem dishonored checks and drafts deposited to the credit of such fire protection districts. If any fire protection district abolishes the tax, the fire protection district shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such fire protection district, the director of revenue shall remit the balance in the account to the fire protection district and close the account of that fire protection district. The director of revenue shall notify each fire protection district of each instance of any amount refunded or any check redeemed from receipts due the fire protection district. In the event a tax within a fire protection district is approved under this section, and such fire protection district is dissolved, the tax shall lapse on the date that the fire protection district is dissolved and the proceeds from the last collection of such tax shall be distributed to the governing bodies of the counties formerly containing the fire protection district and the proceeds of the tax shall be used for fire protection services within such counties.

6. If a tax is imposed by a regional convention and visitor commission under sections 67.601 to 67.626, the commission shall have the authority to collect a penalty of one percent and interest not to exceed two percent per month on unpaid taxes which shall be considered delinquent thirty days after the last day of each quarter.

67.657. 1. Nothing contained in sections 67.650 to 67.658 shall impair the powers of any county, municipality or other political subdivision to acquire, own, operate, develop or improve any facility of the type the authority is given the right and power to own, operate, develop or improve.

(2) The governing body of the city may enter into an agreement with the director of revenue of the state of Missouri for the purpose of collecting the tax authorized in subsection 8 of this section. (d) A population of more than two hundred seventy-five thousand and less that two hundred seventy-six thousand; or

6. This section shall not be construed as repealing any taxes levied by any city or county on transient guests as permitted under this chapter or chapter 94 as of August 28, 2011.

67.1016. 1. The governing body of any county of the second, third, or fourth classification**, unless the county has a population of more than seventeen thousand five hundred and less than eighteen thousand,** may impose, by order or ordinance, a tax on the charges for all sleeping rooms paid by the transient guests of hotels or motels situated in the county or a portion thereof. The tax shall be not more than one cent per occupied room per night, and shall be imposed solely for the purpose of promoting tourism-related activities in the county. The tax authorized in this section shall be in addition to the charge for the sleeping room and all other taxes imposed by law, and shall be stated separately from all other charges and taxes.

2. No such order or ordinance shall become effective unless the governing body of the county submits to the voters of the county at a state general, primary, or special election a proposal to authorize the governing body of the county to impose a tax under this section. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter following the calendar quarter in which the

election was held. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters of the county and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue generated by the tax shall be collected by the county collector of revenue, shall be deposited in a special trust fund, and shall be used solely for the designated purposes. Any interest and moneys earned on such investments shall be credited to the fund.

4. Upon adoption of the tax under this section, there shall be established in each county adopting the tax a "Tourism Commission", to consist of five members appointed by the governing body of the county. No more than one member of the tourism commission shall be a member of the governing body of the county. Of the initial members appointed, two shall hold office for one year, two shall hold office for two years, and one shall hold office for three years. Members appointed after expiration of the initial terms shall be appointed to a three-year term. Each member may be reappointed. Vacancies shall be filled by appointment by the governing body of the county for the remainder of the unexpired term. The members shall not receive compensation for their services, but may be reimbursed for their actual and necessary expenses incurred in service of the tourism commission.

5. The governing body of any county that has adopted the tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the county. If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters of the county, and the repeal is approved by a majority of the qualified voters voting on the question.

6. Whenever the governing body of any county that has adopted the tax authorized in this section receives a petition, signed by a number of registered voters of the county equal to at least two percent of the number of registered voters of the county voting in the last gubernatorial election, calling for an election to repeal the tax imposed under this section, the governing body shall submit to the voters of the county a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the tax shall remain effective until the question is resubmitted under this section to the qualified voters of the county and the repeal is approved by a majority of the qualified voters voting on the question.

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FORTIETH DAY, WEDNESDAY, MARCH 16, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap. (Galatians 6:7)

O Lord of Heaven and Earth, grant unto us once again the assurance of Your mighty presence as we bow in prayer. Inspire us with a firmer trust in You and with a sympathetic outreach of love and service toward all the people of our great State of Missouri.

Give to each one of us the realization that Your power is at work in the Show Me State moving in the direction of justice, peace, and love in the hearts of all cities. You are always with us and we pray You give us the strength to always be with You. Bless our State and as a people make us mindful of Your presence and keep us eager to do Your will.

And the House says, "Amen!"

Only those new institutional health services which are granted certificates of need shall be offered or developed within the state. 4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to 197.366, the committee shall notify the attorney general, and he shall apply for an injunction or other appropriate legal action in any court of this state against that person.

4. Any predetermination response provided by a health benefit plan under this section in good faith shall be deemed to be an estimate only and shall not be binding upon the health benefit plan with regard to the final amount of benefits actually provided by the health benefit plan.

House Committee Amendment No. 1

AMEND House Bill No. 1564, Page 1, Section 226.520, Line 1, by deleting the number, "**1.**"; and

Further amend said bill and section, Page 2, Lines 48-53, by deleting all of said lines, and inserting in lieu thereof the following:

"226.540. Notwithstanding any other provisions of sections 226.500 to 226.600, outdoor advertising shall be permitted within six hundred and sixty feet of the nearest edge of the right-of-way of highways located on the

interstate, federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended in areas zoned industrial, commercial or the like and in unzoned commercial and industrial areas as defined in this section, subject to the following regulations which are consistent with customary use in this state:

(1) Lighting:

(a) No revolving or rotating beam or beacon of light that simulates any emergency light or device shall be permitted as part of any sign. No flashing, intermittent, or moving light or lights will be permitted except scoreboards and other illuminated signs designating public service information, such as time, date, or temperature, or similar information, will be allowed; tri-vision, projection, and other changeable message signs shall be allowed subject to Missouri highways and transportation commission regulations;

(b) External lighting, such as floodlights, thin line and gooseneck reflectors are permitted, provided the light source is directed upon the face of the sign and is effectively shielded so as to prevent beams or rays of light from being directed into any portion of the main traveled way of the federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System and the lights are not of such intensity so as to cause glare, impair the vision of the driver of a motor vehicle, or otherwise interfere with a driver's operation of a motor vehicle;

(c) No sign shall be so illuminated that it interferes with the effectiveness of, or obscures, an official traffic sign, device, or signal;

(2) Size of signs:

(a) The maximum area for any one sign shall be eight hundred square feet with a maximum height of thirty feet and a maximum length of seventy-two feet, inclusive of border and trim but excluding the base or apron, supports, and other structural members. The area shall be measured as established herein and in rules promulgated by the commission. In determining the size of a conforming or nonconforming sign structure, temporary cutouts and extensions installed for the length of a specific display contract shall not be considered a substantial increase to the size of the permanent display; provided the actual square footage of such temporary cutouts or extensions may not exceed thirty-three percent of the permanent display area. Signs erected in accordance with the provisions of sections 226.500 to 226.600 prior to August 28, 2002, which fail to meet the requirements of this provision shall be deemed legally nonconforming as defined herein;

(b) The maximum size limitations shall apply to each side of a sign structure, and signs may be placed back to back, double faced, or in V-type construction with not more than two displays to each facing, but such sign structure shall be considered as one sign;

(c) After August 28, 1999, no new sign structure shall be erected in which two or more displays are stacked one above the other. Stacked structures existing on or before August 28, 1999, in accordance with sections 226.500 to 226.600 shall be deemed legally nonconforming and may be maintained in accordance with the provisions of sections 226.500 to 226.600. Structures displaying more than one display on a horizontal basis shall be allowed, provided that total display areas do not exceed the maximum allowed square footage for a sign structure pursuant to the provisions of paragraph (a) of this subdivision;

(3) Spacing of signs:

(a) On all interstate highways, freeways, and nonfreeway federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System:

a. No sign structure shall be erected within one thousand four hundred feet of an existing sign on the same side of the highway;

b. Outside of incorporated municipalities, no structure may be located adjacent to or within five hundred feet of an interchange, intersection at grade, or safety rest area. Such five hundred feet shall be measured from the beginning or ending of the pavement widening at the exit from or entrance to the main traveled way. For purpose of this subparagraph, the term "incorporated municipalities" shall include "urban areas", except that such "urban areas" shall not be considered "incorporated municipalities" if it is finally determined that such would have the effect of making Missouri be in noncompliance with the requirements of Title 23, United States Code, Section 131;

(b) The spacing between structure provisions of this subdivision do not apply to signs which are separated by buildings, natural surroundings, or other obstructions in such manner that only one sign facing located within such distance is visible at any one time. Directional or other official signs or those advertising the sale or lease of the property on which they are located, or those which advertise activities on the property on which they are located,

including products sold, shall not be counted, nor shall measurements be made from them for the purpose of compliance with spacing provisions;

(c) No sign shall be located in such manner as to obstruct or otherwise physically interfere with the effectiveness of an official traffic sign, signal, or device or obstruct or physically interfere with a motor vehicle operator's view of approaching, merging, or intersecting traffic;

(d) The measurements in this section shall be the minimum distances between outdoor advertising sign structures measured along the nearest edge of the pavement between points directly opposite the signs along each side of the highway and shall apply only to outdoor advertising sign structures located on the same side of the highway involved;

(4) As used in this section, the words "unzoned commercial and industrial land" shall be defined as follows: that area not zoned by state or local law or ordinance and on which there is located one or more permanent structures used for a commercial business or industrial activity or on which a commercial or industrial activity is actually conducted together with the area along the highway extending outwardly seven hundred fifty feet from and beyond the edge of such activity. All measurements shall be from the outer edges of the regularly used improvements, buildings, parking lots, landscaped, storage or processing areas of the commercial or industrial activity and along and parallel to the edge of the pavement of the highway. **On nonfreeway primary highways where there is an unzoned commercial or industrial area on one side of the road in accordance with the preceding paragraph, the unzoned commercial or industrial area shall also include those lands opposite on the other side of the highway to the extent of the same dimensions.** Unzoned land shall not include:

(a) Land on the opposite side of the highway from an unzoned commercial or industrial area as defined in this section and located adjacent to highways located on the interstate **or primary freeway highways [**federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended, unless the opposite side of the highway qualifies as a separate unzoned commercial or industrial area**]**; or

(b) Land zoned by a state or local law, regulation, or ordinance;

(5) "Commercial or industrial activities" as used in this section means those which are generally recognized as commercial or industrial by zoning authorities in this state, except that none of the following shall be considered commercial or industrial:

(a) Outdoor advertising structures;

(b) Agricultural, forestry, ranching, grazing, farming, and related activities, including seasonal roadside fresh produce stands;

(c) Transient or temporary activities;

(d) Activities more than six hundred sixty feet from the nearest edge of the right-of-way or not visible from the main traveled way;

(e) Activities conducted in a building principally used as a residence;

(f) Railroad tracks and minor sidings;

(6) The words "unzoned commercial or industrial land" shall also include all areas not specified in this section which constitute an "unzoned commercial or industrial area" within the meaning of the present Section 131 of Title 23 of the United States Code, or as such statute may be amended. As used in this section, the words "zoned commercial or industrial area" shall refer to those areas zoned commercial or industrial by the duly constituted zoning authority of a municipality, county, or other lawfully established political subdivision of the state, or by the state and which is within seven hundred fifty feet of one or more permanent commercial or industrial activities. Commercial or industrial activities as used in this section are limited to those activities:

(a) In which the primary use of the property is commercial or industrial in nature;

(b) Which are clearly visible from the highway and recognizable as a commercial business;

(c) Which are permanent as opposed to temporary or transitory and of a nature that would customarily be restricted to commercial or industrial zoning in areas comprehensively zoned; and

(d) In determining whether the primary use of the property is commercial or industrial pursuant to paragraph (a) of this subdivision, the state highways and transportation commission shall consider the following factors:

a. The presence of a permanent and substantial building;

b. The existence of utilities and local business licenses, if any, for the commercial activity;

c. On-premise signs or other identification;

d. The presence of an owner or employee on the premises for at least twenty hours per week;

(7) In zoned commercial and industrial areas, whenever a state, county or municipal zoning authority has adopted laws or ordinances which include regulations with respect to the size, lighting and spacing of signs, which regulations are consistent with the intent of sections 226.500 to 226.600 and with customary use, then from and after

the effective date of such regulations, and so long as they shall continue in effect, the provisions of this section shall not apply to the erection of signs in such areas. Notwithstanding any other provisions of this section, after August 28, 1992, with respect to any outdoor advertising which is regulated by the provisions of subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527:

(a) No county or municipality shall issue a permit to allow a regulated sign to be newly erected without a permit issued by the state highways and transportation commission;

(b) A county or municipality may charge a reasonable one-time permit or inspection fee to assure compliance with local wind load and electrical requirements when the sign is first erected, but a county or municipality may not charge a permit or inspection fee for such sign after such initial fee. Changing the display face or performing routine maintenance shall not be considered as erecting a new sign;

(8) The state highways and transportation commission on behalf of the state of Missouri, may seek agreement with the Secretary of Transportation of the United States under Section 131 of Title 23, United States Code, as amended, that sections 226.500 to 226.600 are in conformance with that Section 131 and provides effective control of outdoor advertising signs as set forth therein. If such agreement cannot be reached and the penalties under subsection (b) of Section 131 are invoked, the attorney general of this state shall institute proceedings described in subsection (1) of that Section 131.

226.550. 1. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 shall be erected or maintained on or after August 28, 1992, without a one-time permanent permit issued by the state highways and transportation commission. Application for permits shall be made to the state highways and transportation commission on forms furnished by the commission and shall be accompanied by a permit fee of two hundred dollars for all signs; except that, tax-exempt religious organizations as defined in subdivision (11) of section 313.005, service organizations as defined in subdivision (12) of section 313.005, veterans' organizations as defined in subdivision (14) of section 313.005, and fraternal organizations as defined in subdivision (8) of section 313.005 shall be granted a permit for signs less than seventy-six square feet without payment of the fee. **The permit fee of two hundred dollars will be waived for land owners provided they own the land, and the business being displayed on the sign, as long as the business being displayed is within seven hundred fifty feet of the sign location.** In the event a permit holder fails to erect a sign structure within twenty-four months of issuance, said permit shall expire and a new permit must be obtained prior to any construction.

2. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 which was erected prior to August 28, 1992, shall be maintained without a one-time permanent permit for outdoor advertising issued by the state highways and transportation commission. If a one-time permanent permit was issued by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, it is not necessary for a new permit to be issued. If a one-time permanent permit was not issued for a lawfully erected and lawfully existing sign by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, a one-time permanent permit shall be issued by the commission for each sign which is lawfully in existence on the day prior to August 28, 1992, upon application and payment of a permit fee of two hundred dollars. All applications and fees due pursuant to this subsection shall be submitted before December 31, 1992. **The permit fee of two hundred dollars will be waived for land owners provided they own the land, and the business being displayed on the sign, as long as the business being displayed is within seven hundred fifty feet of the sign location.**

3. For purposes of sections 226.500 to 226.600, the terminology "structure lawfully in existence" or "lawfully existing" sign or outdoor advertising shall, nevertheless, include the following signs unless the signs violate the provisions of subdivisions (3) to (7) of subsection 1 of section 226.580:

(1) All signs erected prior to January 1, 1968;

(2) All signs erected before March 30, 1972, but on or after January 1, 1968, which would otherwise be lawful but for the failure to have a permit for such signs prior to March 30, 1972, except that any sign or structure which was not in compliance with sizing, spacing, lighting, or location requirements of sections 226.500 to 226.600 as the sections appeared in the revised statutes of Missouri 1969, wheresoever located, shall not be considered a lawfully existing sign or structure;

(3) All signs erected after March 30, 1972, which are in conformity with sections 226.500 to 226.600;

(4) All signs erected in compliance with sections 226.500 to 226.600 prior to August 28, 2002.

4. On or after August 28, 1992, the state highways and transportation commission may, in addition to the fees authorized by subsections 1 and 2 of this section, collect a biennial inspection fee every two years after a state permit has been issued. Biennial inspection fees due after August 28, 2002, and prior to August 28, 2003, shall be fifty dollars. Biennial inspection fees due on or after August 28, 2003, shall be seventy-five dollars. Biennial inspection fees due on or after August 28, 2004, shall be one hundred dollars; except that, tax-exempt religious organizations as defined in subdivision (11) of section 313.005, service organizations as defined in subdivision (12) of section 313.005, veterans' organizations as defined in subdivision (14) of section 313.005, and fraternal organizations as defined in subdivision (8) of section 313.005 shall not be required to pay such fee. **The biennial inspection fee will be waived for land owners provided they own the land, and the business being displayed on the sign, as long as the business being displayed is within seven hundred fifty feet of the sign location.**

5. In order to effect the more efficient collection of biennial inspection fees, the state highways and transportation commission is encouraged to adopt a renewal system in which all permits in a particular county are renewed in the same month. In conjunction with the conversion to this renewal system, the state highways and transportation commission is specifically authorized to prorate renewal fees based on changes in renewal dates.

6. Sign owners or owners of the land on which signs are located must apply to the state highways and transportation commission for biennial inspection and submit any fees as required by this section on or before December 31, 1992. For a permitted sign which does not have a permit, a permit shall be issued at the time of the next biennial inspection.

7. The state highways and transportation commission shall deposit all fees received for outdoor advertising permits and inspection fees in the state road fund, keeping a separate record of such fees, and the same may be expended by the commission in the administration of sections 226.500 to 226.600."; and

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FORTY-FIRST DAY, THURSDAY, MARCH 17, 2016

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

My defense is of God, who saveth the upright in heart. (Psalm 7:10)

O Powerful God, who is a strong tower of defense to those who put their trust in You, have mercy upon us as we bow in prayer before You and prepare us for the experiences of this day. Grant that in moments of poor moods and in minutes of good moods we may keep our faith in You in whom alone true life is to be found and cherished.

Forgive the ways we have placed obstacles on ourselves and others, the intolerance we have shown when others differed from us, the envy we have revealed when someone has received what we thought we deserved, the prejudices we have mistaken for principles, and the jealousy generated at the success of others. May we pray not only to be forgiven but to learn to be forgiving as Easter approaches.

In the perplexities of this day may we always remember to be kind and generous, understanding and honest in heart, knowing that they who live in Your spirit and keep Your commandments are walking in the way of truth and love – the best defense our State can ever have, and to all the Irish, a Happy St. Patrick's Day!!!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Zachary Boyd.

The Journal of the fortieth day was approved as printed.

HJR 58 - Fiscal Review

COMMITTEE REPORTS

Committee on Civil and Criminal Proceedings, Chairman McGaugh reporting:

Mr. Speaker: Your Committee on Civil and Criminal Proceedings, to which was referred **HB 1999**, begs leave to report it has examined the same and recommends that it **Do Pass**, and pursuant to Rule 27(9) be referred to the Select Committee on Judiciary.

Mr. Speaker: Your Committee on Civil and Criminal Proceedings, to which was referred **HB 2191**, begs leave to report it has examined the same and recommends that it **Do Pass with House Committee Amendment No. 1**, and pursuant to Rule 27(9) be referred to the Select Committee on Judiciary.

House Committee Amendment No. 1

AMEND House Bill No. 2191, Page 3, Section 568.040, Lines 50-83, by deleting all of said lines; and

Further amend said bill, Page 6, Section 568.040, Lines 50-83, by deleting all of said lines; and

Further amend said bill and section, Page 7, Line 106, by inserting after all of said section and line the following:

"610.140. 1. Notwithstanding any other provision of law and subject to the provisions of this section, any person may apply to any court in which such person was found guilty of any of the offenses specified in subsection 2 of this section for an order to expunge recordations of such arrest, plea, trial, or conviction. A person may apply to have one or more offenses expunged so long as such person lists all the offenses he or she is seeking to have expunged in the same petition and so long as all such offenses are eligible under subsection 2 of this section.

2. The following offenses are eligible to be expunged when such offenses occurred within the state of Missouri and were prosecuted under the jurisdiction of a Missouri municipal associate or circuit court:

(1) Any felony or misdemeanor offense of passing a bad check under 570.120, fraudulently stopping payment of an instrument under 570.125, or fraudulent use of a credit device or debit device under section 570.130;

(2) Any misdemeanor offense of sections 569.065, 569.067, 569.090, subdivision (1) of subsection 1 of section 569.120, sections 569.140, 569.145, 572.020, 574.020, or 574.075; or

(3) Any class B or C misdemeanor offense of section 574.010.

3. The petition shall name as defendants all law enforcement agencies, courts, prosecuting or circuit attorneys, central state repositories of criminal records, or others who the petitioner has reason to believe may possess the records subject to expungement for each of the offenses listed in the petition. The court's order of expungement shall not affect any person or entity not named as a defendant in the action.

4. The petition shall be dismissed if it does not include the following information:

(1) The petitioner's:

(a) Full name;

(b) Sex;

(c) Race;

(d) Driver's license number, if applicable; and

(e) Current address;

(2) Each offense charged against the petitioner for which the petitioner is requesting expungement;

(3) The date the petitioner was arrested for each offense;

(4) The name of the county where the petitioner was arrested for each offense and if any of the offenses occurred in a municipality, the name of the municipality for each offense;

(5) The name of the agency that arrested the petitioner for each offense;

(6) The case number and name of the court for each offense; and

(7) Petitioner's fingerprints on a standard fingerprint card at the time of filing a petition for expungement which will be forwarded to the central repository for the sole purpose of positively identifying the petitioner.

5. The court may set a hearing on the matter no sooner than thirty days from the filing of the petition and shall give reasonable notice of the hearing to each entity named in the petition. At the hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses listed in the petition for expungement:

(1) It has been at least twenty years if the offense is a felony, or at least ten years if the offense is a misdemeanor, municipal offense, or infraction, since the person making the application completed:

(a) Any sentence of imprisonment; or

(b) Any period of probation or parole;

(2) The person has not been found guilty of a misdemeanor or felony, not including violations of the traffic regulations provided under chapters 304 and 307, during the time period specified for the underlying offense in subdivision (1) of this subsection;

(3) The person has paid any amount of restitution ordered by the court;

(4) The circumstances and behavior of the petitioner warrant the expungement; and

(5) The expungement is consistent with the public welfare.

6. If the court determines at the conclusion of the hearing that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses listed in the petition for expungement, the court may enter an order of expungement. A copy of the order shall be provided to each entity named in the petition, and, upon receipt of the order, each entity shall destroy any record in its possession relating to any offense listed in the petition. If destruction of the record is not feasible because of the permanent nature of the record books, such record entries shall be blacked out. Entries of a record ordered expunged shall be removed from all electronic files maintained with the state of Missouri, except for the files of the court. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

7. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense to any court when asked or upon being charged with any subsequent offense. The expunged offense may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

8. Notwithstanding the provisions of subsection 7 of this section to the contrary, a person granted an expungement shall disclose any expunged offense when the disclosure of such information is necessary to complete any application for:

(1) A license, certificate, or permit issued by this state to practice such individual's profession;

(2) Any license issued under chapter 313; or

(3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency.

Notwithstanding any provision of law to the contrary, an expunged offense shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit.

9. If the court determines that such person has not met the criteria for any of the offenses listed in the petition for expungement, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

10. A person may be granted more than one expungement under this section provided that no person shall be granted more than one order of expungement from the same court. Nothing contained in this section shall prevent the court from maintaining records to ensure that an individual has only one petition for expungement granted by such court under this section.

11. (1) After a period of not less than eight years, an individual who has pled guilty to or has been convicted of a first felony offense for criminal nonsupport under section 568.040 and who has successfully completed probation after a plea of guilty or was sentenced may petition the court for expungement of all official records all recordations of his or her arrest, plea, trial, or conviction. If the court determines after hearing that such person:

(a) Has not been convicted of any subsequent offense;

(b) Does not have any other felony pleas of guilt, findings of guilt or convictions;

(c) Is current on all child support obligations and has had no lapse in payment of all child support obligations during the eight-year period;

(d) Has paid off all arrearages; and

(e) Has no other criminal charges or administrative child support actions pending at the time of the hearing on the application for expungement with respect to all children subject to orders of payment of child support,

the court shall enter an order of expungement. In addition, the court may consider successful completion of a criminal nonsupport courts program under section 478.1000, or any other circumstances or factors deemed relevant by the court.

(**2) Upon granting the order of expungement, the records and files maintained in any court proceeding in an associate or circuit division of the circuit court under this section shall be confidential and only available to the parties or by order of the court for good cause shown.**

(3) The effect of such order shall be to restore such person to the status he or she occupied prior to such arrest, plea or conviction, and as if such event had never taken place. No person for whom such order has been entered shall be held thereafter under any provision of any law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrest, plea, trial, conviction, or expungement in response to any inquiry made of him or her for any purpose whatsoever and no such inquiry shall be made for information relating to an expungement under this section.

(4) A person shall only be entitled to one expungement under this section. Nothing in this section shall prevent the director of the department of social services from maintaining such records as to ensure that an individual receives only one expungement under this section for the purpose of informing the proper authorities of the contents of any record maintained under this section."; and

Further amend said bill, Section 650.055, Page 9, Lines 74 and 76, by deleting the phrase "**section 568.040**" on said lines and inserting in lieu thereof the phrase "**subsection 11 of section 610.140**"; and

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FORTY-THIRD DAY, TUESDAY, MARCH 29, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Representative Ken Wilson.

Father, we stand to join our hearts in prayer in our acknowledgement of our great need of Your guidance in our lives. May Your grace be upon our Speaker, our leaders, and with the visitors with us today. As we begin our new work week, as we express our ideas and as we listen to the ideas of those who differ with us, may we be humble enough to think about what is Your way, Your idea and be guided by Your Holy Spirit to embrace it and by doing so we discover the secret of harmony.

As we begin this new week, we give You thanks for good weather and the promises of spring. We thank You for one another, and we pray for one another. We pray for those among us that are dealing with an illness, we ask for healing. For those that are rejoicing we thank You for their joy. Some are discouraged, we offer our friendship; some are in turmoil, we pray for Your calm in their lives; some are grieving, grant them Your loving comfort.

We pray that Your Spirit will direct our minds and our thinking, that our thoughts and actions may merit Your blessing.

Hear our prayer, Father, and grant to us Your guidance, we pray.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Georgia Atkins and Juni Ross.

The Journal of the forty-first day was approved as printed.

The Journal of the forty-second day was approved as printed.

MESSAGE FROM THE GOVERNOR

March 18, 2016

TO THE CHIEF CLERK OF THE
HOUSE OF REPRESENTATIVES
98th GENERAL ASSEMBLY
SECOND REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you **Senate Substitute for House Committee Substitute for House Bill No. 1891** (House Bill No. 1891) entitled:

AN ACT

To amend chapter 105, RSMo, by adding thereto one new section relating to labor organizations.

I disapprove of House Bill No. 1891. My reasons for disapproval are as follows:

Like a similar bill that I vetoed in 2013, House Bill No. 1891 would require public employees to reauthorize every year the deduction for "public labor organization"[1] dues or fees from their paychecks. In addition to placing this unnecessary burden on public employees, the legislation would also impose additional bureaucratic paperwork on public employers that will serve only to waste taxpayer money and inject needless inefficiencies in the operations of those employers. While the legislation purports to protect public employees, House Bill No. 1891 actually does just the opposite by burdening both employees and employers for the clear purpose of undermining "public labor organizations."

A state employee is authorized under existing law to have amounts deducted from their paycheck for a variety of purposes including donations to charitable organizations, contributions to a qualified state tuition program, and payments to deferred compensation plans. Section 33.103, RSMo. That same provision allows for the deduction of "the amount necessary for each employee's…collective bargaining dues…." In addition, section 168.300, RSMo, contains a similar provision applicable to employees of school districts, such as teachers. Under any of these circumstances, the deduction occurs only if the employee agrees to such deduction, and the deduction may be terminated at any time by the employee.

Notwithstanding the safeguards already found in the law, House Bill No. 1891 would erect new impediments directed solely at "public labor organizations" by requiring both employees and employers to take steps every year to continue those deductions. Adding these unnecessary burdens serves no purpose other than to curb the efforts of "public labor organizations." The animus towards those organizations underlying this legislation is clear. Indeed, House Bill No. 1891 is singularly directed at "public labor organizations" and makes no effort to require any additional conditions or reauthorizations relating to any other payroll deductions.

And while the proponents contend that these unnecessary burdens are needed for the "protection" of public employees, the legislation inexplicably exempts first responder public employees from the yearly authorization requirements. That the legislation picks and chooses who to "protect" based on political calculations rather than a rational basis demonstrates that its purported "protections" are merely pretext for interfering with "public labor organizations."

The General Assembly's intrusion into the efforts of these labor organizations is not limited to the filing of superfluous paperwork. House Bill No. 1891 would require these groups to retain internal records for at least five years and would authorize lawsuits against these groups, exposing them to awards of damages, attorney's fees, and court costs. This misguided approach creates new litigation opportunities directed at any "public labor organization" meeting the broad definition contained in the legislation. And, unlike the other provisions in the bill, first responder employee organizations would not be exempt and thus would be subject to these lawsuits.

House Bill No. 1891 would create an unnecessary bureaucratic process that would burden both public employees and their public entity employers and create new causes of actions against employee associations. This effort was wrong in 2013, is wrong today, and will not receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for House Committee Substitute for House Bill No. 1891** without my approval.

---

[1] The term "public labor organization" is broadly defined in House Bill No. 1891 and would include not only unions but would also encompass other employee associations including the Missouri State Teachers Association, Missouri National Education Association, and Missouri Corrections Officers Association.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FORTY-FOURTH DAY, WEDNESDAY, MARCH 30, 2016

The House met pursuant to adjournment.

Representative Shumake in the Chair.

Prayer by Representative Pat Conway.

Almighty Father, we ask this day that You bestow a special blessing upon all those who have served us in our military. We devoutly pray, in recognition of those who are to be honored this day, on Missouri's Vietnam Veterans Day. May their sacrifices never be forgotten! Let us ask Your blessing on those over 58,000 men and women, over 1,400 from Missouri alone, who gave their lives on behalf of their country. Pray too for their families, those parents who lost a child, those brothers and sisters that grew up without their loved ones and especially for those children whose fathers were not there for their birthdays, graduations and weddings.

For those who are living, who have faced their challenges and their demons; we ask a special prayer. Give them peace in their days and new hope in the years to come.

Let us please remember as legislators, much like lawmakers in those chaotic days of Vietnam, that in each of our decisions we must ask for Your guidance, that even the simplest choice can have unimagined repercussions.

As we and my fellow Vietnam veterans in the Chamber recite in the Pledge of Allegiance, which will be led by Representative Shumake, let us all stand a little taller, let us speak a little louder, and may we reflect a little deeper, O Lord, on the multitude of blessings You have bestowed upon our nation.

May today give comfort to all who have served during the Vietnam conflict and bless those who have served the United States and this Great State of Missouri.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

Speaker Richardson assumed the Chair.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Savannah Belko, AJ Belko, Isaac Johnson, and Chris Larivee.

The Journal of the forty-third day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FORTY-FIFTH DAY, THURSDAY, MARCH 31, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

Finally, brethren, be of one mind, live in peace: and the God of love and peace shall be with you. (II Corinthians 13:11)

Eternal Spirit, who is ever speaking to us and always seeking to lead Your children into the ways of peace, we pray for our state.

Strengthen our leaders that they may walk with You as they carry their responsibilities. Sustain our people that in true service and with humble hearts they may usher in a new day of peace by doing Your will.

With this creative faith and this courageous spirit may we march forward and sing together toward a greater state and a better nation.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The California, Missouri High School "Sounds of Joy" Choir performed "The Star Spangled Banner."

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Ben Bates, Joel Cluver, Brook Yanskey, Emelia Lyskowski, and Ryan Jeffries.

The Journal of the forty-fourth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FORTY-SIXTH DAY, MONDAY, APRIL 4, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Representative Becky Ruth.

Heavenly Father, we − as individuals − have separate wants, needs, and thanks for You, but today we in the House come together as a group to ask for Your blessings upon our state and our nation. Help us to be mindful of the great tasks we have ahead of us and to seek You in all that we do.

Let us remember that when we are weak, You are our strength; and that when we are fearful, Your presence is there to fortify us. Let us not allow selfishness and pettiness to guide us, but rather common sense and integrity. May we continue to follow in Your ways as we go through our daily lives and the business which is put before us.

Lord, please give healing to those who are ill and peace to those who grieve. We ask special blessing for our families at home while we are away. We thank You for all that has been bestowed upon us and pray that Your light will continue to shine upon us.

We ask this in Your Son, Jesus Christ's Holy Name.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-fifth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FORTY-SEVENTH DAY, TUESDAY, APRIL 5, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

I must work the works of Him that sent Me, while it is day. (John 9:4)

O God of Our Fathers and Mothers, cleanse the thoughts of our hearts by the inspiration of Your Holy Spirit that we may truly love You and worthily serve You this day in this Missouri House.

May our hearts be with You as we seek solutions to the important issues and serious problems that confront us and our State during these hours.

In this dear land of our service, help us to close ranks in a greater unity of spirit as we seek to legislate honesty to renew our heritage of freedom, with liberty and justice for all.

Make us great enough in spirit that we may be equal to every experience, ready for every responsibility, and adequate for every activity.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-sixth day was approved as printed.

SPECIAL RECOGNITION

The Boys Quartet from the Agape Boarding School performed "America the Beautiful."

Representative Hummel offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Bill No. 1464, Page 1, In the Title, Line 5, by deleting the phrase, "the operation of motorcycles or motortricycles" and inserting in lieu thereof the word "transportation"; and

Further amend said bill and page, Section A, Line 4, by inserting immediately after all of said line the following:

"142.803. 1. A tax is levied and imposed on all motor fuel used or consumed in this state as follows:

(1) Motor fuel, seventeen cents per gallon **until December 31, 2016. Thereafter such tax shall be twenty-two and nine-tenths cents per gallon**;

(2) Alternative fuels, not subject to the decal fees as provided in section 142.869, with a power potential equivalent of motor fuel. In the event alternative fuel, which is not commonly sold or measured by the gallon, is used in motor vehicles on the highways of this state, the director is authorized to assess and collect a tax upon such alternative fuel measured by the nearest power potential equivalent to that of one gallon of regular grade gasoline. The determination by the director of the power potential equivalent of such alternative fuel shall be prima facie correct;

(3) Aviation fuel used in propelling aircraft with reciprocating engines, nine cents per gallon as levied and imposed by section 155.080 to be collected as required under this chapter;

(4) Compressed natural gas fuel, five cents per gasoline gallon equivalent until December 31, 2019, eleven cents per gasoline gallon equivalent from January 1, 2020, until December 31, 2024, and then seventeen cents per gasoline gallon equivalent thereafter. The gasoline gallon equivalent and method of sale for compressed natural gas shall be as published by the National Institute of Standards and Technology in Handbooks 44 and 130, and supplements thereto or revisions thereof. In the absence of such standard or agreement, the gasoline gallon equivalent and method of sale for compressed natural gas shall be equal to five and sixty-six-hundredths pounds of compressed natural gas. All applicable provisions contained in this chapter governing administration, collections, and enforcement of the state motor fuel tax shall apply to the tax imposed on compressed natural gas, including but not limited to licensing, reporting, penalties, and interest;

(5) Liquefied natural gas fuel, five cents per diesel gallon equivalent until December 31, 2019, eleven cents per diesel gallon equivalent from January 1, 2020, until December 31, 2024, and then seventeen cents per diesel gallon equivalent thereafter. The diesel gallon equivalent and method of sale for liquefied natural gas shall be as published by the National Institute of Standards and Technology in Handbooks 44 and 130, and supplements thereto or revisions thereof.

In the absence of such standard or agreement, the diesel gallon equivalent and method of sale for liquefied natural gas shall be equal to six and six-hundredths pounds of liquefied natural gas. All applicable provisions contained in this chapter governing administration, collections, and enforcement of the state motor fuel tax shall apply to the tax imposed on liquefied natural gas, including but not limited to licensing, reporting, penalties, and interest;

(6) If a natural gas, compressed natural gas, or liquefied natural gas connection is used for fueling motor vehicles and for another use, such as heating, the tax imposed by this section shall apply to the entire amount of natural gas, compressed natural gas, or liquefied natural gas used unless an approved separate metering and accounting system is in place.

2. All taxes, surcharges and fees are imposed upon the ultimate consumer, but are to be precollected as described in this chapter, for the facility and convenience of the consumer. The levy and assessment on other persons as specified in this chapter shall be as agents of this state for the precollection of the tax."; and

Further amend said bill, Page 4, Section 302.026, Line 14, by inserting after all of said line the following:

"Section B. This act is hereby submitted to the qualified voters of this state for approval or rejection at an election which is hereby ordered and which shall be held and conducted on Tuesday next following the first Monday in November, 2016, pursuant to the laws and constitutional provisions of this state for the submission of referendum measures by the general assembly, and this act shall become effective when approved by a majority of the votes cast thereon at such election and not otherwise."; and

"70.605. 1. For the purpose of providing for the retirement or pensioning of the officers and employees and the widows and children of deceased officers and employees of any political subdivision of the state, there is hereby created and established a retirement system which shall be a body corporate, which shall be under the management of a board of trustees herein described, and shall be known as the "Missouri Local Government Employees' Retirement System". Such system may sue and be sued, transact business, invest funds, and hold cash, securities, and other property. All suits or proceedings directly or indirectly against the system shall be brought in Cole County. The system shall begin operations on the first day of the calendar month next following sixty days after the date the board of trustees has received certification from ten political subdivisions that they have elected to become employers.

2. The general administration and the responsibility for the proper operation of the system is vested in a board of trustees of seven persons: three persons to be elected as trustees by the members of the system; three persons to be elected trustees by the governing bodies of employers; and one person, to be appointed by the governor, who is not a member, retirant, or beneficiary of the system and who is not a member of the governing body of any political subdivision.

3. Trustees shall be chosen for terms of four years from the first day of January next following their election or appointment, except that of the first board shall all be appointed by the governor by and with the consent of the senate, as follows:

(1) Three persons who are officers or officials of political subdivisions, one for a term of three years, one for a term of two years, and one for a term of one year; and

(2) Three persons who are employees of political subdivisions and who would, if the subdivision by which they are employed becomes an employer, be eligible as members, one for a term of three years, one for a term of two years, and one for a term of one year; and

(3) That person appointed by the governor under the provisions of subsection 2 of this section. All the members of the first board shall take office as soon as appointed by the governor, but their terms shall be computed from the first day of January next following their appointment, and only one member may be from any political subdivision or be a [policeman] **police officer** or [fireman] **firefighter**.

4. Successor trustees elected or appointed as member trustees shall be members of the retirement system; provided, that not more than one member trustee shall be employed by any one employer, and not more than one member trustee shall be a [policeman] police officer, and not more than one member trustee shall be a [fireman] **firefighter**.

5. Successor trustees elected as employer trustees shall be elected or appointed officials of employers and shall not be members of the retirement system; provided, that not more than one employer trustee shall be from any one employer.

6. An annual meeting of the retirement system shall be called by the board in the last calendar quarter of each year in Jefferson City, or at such place as the board shall determine, for the purpose of electing trustees and to transact such other business as may be required for the proper operation of the system. Notice of such meeting shall be sent by registered mail to the clerk or secretary of each employer not less than thirty days prior to the date of such meeting. The governing body of each employer shall certify to the board the name of one delegate who shall be an officer of the employer, and the members of the employer shall certify to the board a member of the employer to represent such employer at such meeting. The delegate certified as member delegate shall be elected by secret ballot by the members of such employer, and the clerk or secretary of each employer shall be charged with the duty of conducting such election in a manner which will permit each member to vote in such election. Under such rules and regulations as the board shall adopt, approved by the delegates, the member delegates shall elect a member trustee for each such position on the board to be filled, and the officer delegates shall elect an employer trustee for each such position on the board to be filled.

7. In the event any member trustee ceases to be a member of the retirement system, or any employer trustee ceases to be an appointed or elected official of an employer, or becomes a member of the retirement system, or if the trustee appointed by the governor becomes a member of the retirement system or an elected or appointed official of a political subdivision, or if any trustee fails to attend three consecutive meetings of the board, unless in each case excused for cause by the remaining trustees attending such meeting or meetings, he or she shall be considered as having resigned from the board and the board shall, by resolution, declare his or her office of trustee vacated. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled; provided, however, that the remaining trustees may fill employer and member trustee vacancies on the board until the next annual meeting.

8. Each trustee shall be commissioned by the governor, and before entering upon the duties of his or her office, shall take and subscribe to an oath or affirmation to support the Constitution of the United States, and of the state of Missouri, and to demean himself **or herself** faithfully in his **or her** office. Such oath as subscribed to shall be filed in the office of the secretary of state of this state.

9. Each trustee shall be entitled to one vote in the board of trustees. Four votes shall be necessary for a decision by the trustees at any meeting of the board of trustees. Four trustees, of whom at least two shall be member trustees and at least two shall be employer trustees, shall constitute a quorum at any meeting of the board. Unless otherwise expressly provided herein, a meeting need not be called or held to make any decision on a matter before the board. Each member must be sent by the executive secretary a copy of the matter to be decided with full information from the files of the board. The concurring decisions of four trustees may decide the issue by signing a document declaring their decision and sending the written instrument to the executive secretary, provided that no other trustee shall send a dissenting decision to the executive secretary within fifteen days after the document and information was mailed to him or her. If any trustee is not in agreement with the four trustees, the matter is to be passed on at a regular board meeting or a special meeting called for that purpose. The board shall hold regular meetings at least once each quarter, the dates of these meetings to be designated in the rules and regulations adopted by the board. Other meetings as deemed necessary may be called by the chairman or by any four trustees acting jointly.

10. The board of trustees shall elect one of their number as chairman, and one of their number as vice chairman, and shall employ an executive secretary, not one of their number, who shall be the executive officer of the board. Other employees of the board shall be chosen only upon the recommendation of the executive secretary.

The board shall from time to time, after receiving the advice of its actuary, adopt such mortality and other tables of experience, and a rate or rates of regular interest, as shall be necessary for the actuarial requirements of the system, and shall require its executive secretary to keep in convenient form such data as shall be necessary for actuarial investigations of the experience of the system, and such data as shall be necessary for the annual actuarial valuations of the system.

15. The board shall keep a record of its proceedings, which shall be open to public inspection. It shall prepare annually and render to each employer a report showing the financial condition of the system as of the preceding June thirtieth. The report shall contain, but shall not be limited to, a financial balance sheet; a statement of income and disbursements; a detailed statement of investments acquired and disposed of during the year, together

with a detailed statement of the annual rates of investment income from all assets and from each type of investment; an actuarial balance sheet prepared by means of the last valuation of the system, and such other data as the board shall deem necessary or desirable for a proper understanding of the condition of the system.

16. The board of trustees shall, after reasonable notice to all interested parties, conduct administrative hearings to hear and decide questions arising from the administration of sections 70.600 to 70.755; except, that such hearings may be conducted by a hearing officer who shall be appointed by the board. The hearing officer shall preside at the hearing and hear all evidence and rule on the admissibility of evidence. The hearing officer shall make recommended findings of fact and may make recommended conclusions of law to the board. All final orders or determinations or other final actions by the board shall be approved in writing by at least four members of the board. Any board member approving in writing any final order, determination or other final action, who did not attend the hearing, shall do so only after certifying that he or she reviewed all exhibits and read the entire transcript of the hearing. Within thirty days after a decision or order or final action of the board, any member, retirant, beneficiary or political subdivision adversely affected by that determination or order or final action may take an appeal under the provisions of chapter 536. Jurisdiction over any dispute regarding the interpretation of sections 70.600 to 70.755 and the determinations required thereunder shall lie in the circuit court of Cole County.

17. The board shall arrange for adequate surety bonds covering the executive secretary and any other custodian of the funds or investments of the board. When approved by the board, said bonds shall be deposited in the office of the secretary of state.

18. The board shall arrange for annual audits of the records and accounts of the system by a certified public accountant or by a firm of certified public accountants.

19. The headquarters of the retirement system shall be in Jefferson City.

20. The board of trustees shall serve as trustees without compensation for their services as such; except that each trustee shall be paid for any necessary expenses incurred in attending meetings of the board or in the performance of other duties authorized by the board.

21. Subject to the limitations of sections 70.600 to 70.755, the board shall formulate and adopt rules and regulations for the government of its own proceedings and for the administration of the retirement system.

70.610. Each political subdivision, by a majority vote of its governing body, may elect to become an employer and cover its employees under the system, as follows:

(1) The clerk or secretary of the political subdivision shall certify the election to be an employer to the board within ten days after the vote of the governing body. 2. An employer's normal cost contributions shall be determined as follows: using the financial assumptions adopted by the board from time to time, the actuary shall annually compute the rate of contributions which, if paid annually by each employer during the total service of its members, will be sufficient to provide the pension reserves required at the time of their retirements to cover the pensions to which they might be entitled or which might be payable on their behalf. The board shall annually certify to the governing body of each employer the amount of membership service contribution so determined, and each employer shall pay such amount to the system during the employer's next fiscal year which begins six months or more after the date of such board certification. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the board shall from time to time determine. When received, such payments shall be credited to the employer's account in the employer accumulation fund.

3. An employer's accrued service contributions shall be determined as follows: using the financial assumptions adopted by the board from time to time, the actuary shall annually compute for each employer the portions of pension reserves for pensions which will not be provided by future normal cost contributions. Such period of years shall not extend beyond the latest of (1) forty years from the date the political subdivision became an employer, or (2) thirty years from the date the employer last elected to increase its optional benefit program, or (3) fifteen years from the date of the annual actuarial computation. The board may determine different rates of contributions for employers having [policeman] **police officer** members or having [fireman] **firefighter** members or having neither [policeman] **police officer** members nor [fireman] **firefighter** members. The board shall annually certify to the governing body of each employer the amount of contribution so ascertained for the employer, and each employer shall pay such amount to the system during the employer's next fiscal year which begins six months or more after the date of such board certification. Such payments shall be made in such manner and form and in such frequency and shall be accompanied by such supporting data as the board shall from time to time ascertain. Further amend said bill, Page 6, Section 86.207, Line 55, by inserting after all of said line the following:

"86.210. 1. Under such rules and regulations as the board of trustees shall adopt, each member who was a **[**policeman**] police officer** on and prior to the date the retirement system becomes operative and who becomes a member within one year from such date and each member who was a [policeman] **police officer** prior to reentering the service of the city as a [policeman] **police officer**, shall file a detailed statement of all service as a [policeman] **police officer** rendered by the member prior to the date the retirement system becomes operative or prior to the date of last becoming a member, for which the member claims credit. If such member has withdrawn the member's accumulated contributions prior to reentering said service, then the member shall repay all such accumulated contributions plus the applicable members' interest thereon from the date of withdrawal to the date of repayment in order to receive credit for such prior service.

2. The board of trustees shall fix and determine by proper rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all service in one calendar year, nor shall the board of trustees allow credit as service for any period of more than one month's duration during which the member was absent without pay.

3. Subject to the above restrictions and to such other rules and regulations as the board of trustees may adopt, the board of trustees shall verify the service claims as soon as practicable after the filing of such statement of service.

4. Upon verification of the statements of service the board of trustees shall issue prior service certificates, certifying to each member the length of prior service with which the member is credited on the basis of such member's statement of service. So long as the holder of such a certificate continues to be a member, a prior service certificate shall be final and conclusive for retirement purposes as to such service; provided, however, that any member may, within one year from the date of issuance or modification of such certificate, request the board of trustees to modify or correct such prior service certificate. When any [policeman] **police officer** ceases to be a member, the former member's prior service certificate shall become void. Should the former member again become a member, the former member shall enter the retirement system as a member not entitled to prior service credit except as provided in sections 86.200 to 86.366.

5. Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by the member since last becoming a member and also if the member has a prior service certificate which is in full force and effect, the amount of the service certified on such prior service certificate.

86.253. 1. Upon termination of employment as a police officer and actual retirement for service, a member shall receive a service retirement allowance which shall be an amount equal to two percent of the member's average final compensation multiplied by the number of years of the member's creditable service, up to twenty-five years, plus an amount equal to four percent of the member's average final compensation for each year of creditable service in excess of twenty-five years but not in excess of thirty years; plus an additional five percent of the member's average final compensation for any creditable service in excess of thirty years. Notwithstanding the foregoing, the service retirement allowance of a member who does not earn any creditable service after August 11, 1999, shall not exceed an amount equal to seventy percent of the member's average final compensation, and the service retirement allowance of a member who earns creditable service on or after August 12, 1999, shall not exceed an amount equal to seventy-five percent of the member's average final compensation; provided, however, that the service retirement allowance of a member who is participating in the DROP pursuant to section 86.251 on

August 12, 1999, who returns to active participation in the system pursuant to section 86.251, and who terminates employment as a police officer and actually retires for reasons other than death or disability before earning at least two years of creditable service after such return shall be the sum of (1) the member's service retirement allowance as of the date the member entered DROP and (2) an additional service retirement allowance based solely on the creditable service earned by the member following the member's return to active participation. The member's total years of creditable service shall be taken into account for the purpose of determining whether the additional allowance attributable to such additional creditable service is two percent, four percent or five percent of the member's average final compensation.

2. If, at any time since first becoming a member of the retirement system, the member has served in the Armed Forces of the United States, and has subsequently been reinstated as a [policeman] **police officer** within ninety days after the member's discharge, the member shall be granted credit for such service as if the member's service in the police department of such city had not been interrupted by the member's induction into the Armed Forces of the United States. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of the member's rank during the period of the member's absence. Notwithstanding any provision of sections 86.200 to 86.366 to the contrary, the retirement system governed by sections 86.200 to 86.366 shall be operated and administered in accordance with the applicable provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

3. The service retirement allowance of each present and future retired member who terminated employment as a police officer and actually retired from service after attaining age fifty-five or after completing twenty years of creditable service shall be increased annually at a rate not to exceed three percent as approved by the board of trustees beginning with the first increase in the second October following the member's retirement and subsequent increases in each October thereafter, provided that each increase is subject to a determination by the board of trustees that the consumer price index (United States City Average Index) as published by the United States Department of Labor shows an increase of not less than the approved rate during the latest twelve-month period for which the index is available at the date of determination; and provided further, that if the increase is in excess of the approved rate for any year, such excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to a maximum of three percent for each full year from October following the member's retirement but not to exceed a total percentage increase of thirty percent. In no event shall the increase described under this subsection be applied to the amount, if any, paid to a member or surviving spouse of a deceased member for services as a special consultant under subsection 5 of this section or, if applicable, subsection 6 of this section. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit.

4. In addition to any other retirement allowance payable under this section and section 86.250, a member, upon termination of employment as police officer and actual service retirement, may request payment of the total amount of the member's mandatory contributions to the retirement system without interest. Upon receipt of such request, the board shall pay the retired member such total amount of the member's mandatory contributions to the retirement system to be paid pursuant to this subsection within sixty days after such retired member's date of termination of employment as a police officer and actual retirement.

5. Any person who is receiving retirement benefits from the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, for the remainder of the person's life or, in the case of a deceased member's surviving spouse, until the earlier of the person's death or remarriage, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the special consultant shall be compensated monthly, in an amount which, when added to any monthly retirement benefits being received from the retirement system, including any cost-of-living increases under subsection 3 of this section, shall total six hundred fifty dollars a month. This employment shall in no way affect any person's eligibility for retirement benefits under this chapter, or in any way have the effect of reducing retirement benefits, notwithstanding any provisions of law to the contrary.

86.267. 1. Upon termination of employment as a police officer and actual retirement for accidental disability, other than permanent total disability as defined in subsection 2, a member shall receive a retirement allowance of seventy-five percent of the member's average final compensation.

2. Any member who, as the natural and proximate result of an accident occurring at some definite time and place in the actual performance of the member's duty through no negligence on the member's part, is permanently and totally incapacitated from performing any work, occupation or vocation of any kind whatsoever shall receive a retirement allowance as under subsection 1 or, in the discretion of the board of trustees, may receive a larger retirement allowance in an amount not exceeding the member's rate of compensation as a [policeman] **police officer** in effect as of the date the allowance begins.

3. The board of trustees, in its discretion, may, in addition to the allowance granted in accordance with the provisions of subsections 1 and 2, grant an allowance in an amount to be determined by the board of trustees, to provide such member with surgical, medical and hospital care reasonably required after retirement, which are the result and in consequence of the accident causing such disability.

4. Any person who is receiving benefits pursuant to subsection 2 of this section on or after August 28, 1997, and any person who is receiving benefits pursuant to subsection 1 of this section on or after October 1, 2001, and who made mandatory contributions to the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the retired member shall be paid a lump sum payment in an amount equal to the total amount of the member's mandatory contributions to the retirement system, without interest, within sixty days after approval of the retired member's application by the board of trustees.

86.290. Should a member cease to be a [policeman] **police officer** except by death or actual retirement, the member may request payment of the amount of the accumulated contributions standing to the credit of the member's individual account, including members' interest, in which event such amount shall be paid to the member not later than one year after the member ceases to be a [policeman] **police officer**. If the former member is reemployed as a [policeman] **police officer** before any portion of such former member's accumulated contributions is distributed, no distribution shall be made. If the former member is reemployed as a [policeman] **police officer** after a portion of the former member's accumulated contributions is distributed, the amount remaining shall also be distributed.

86.360. The board of trustees provided for by section 86.213 is hereby authorized to consolidate, combine and transfer funds provided by sections 86.010 to 86.193 with the funds provided by sections 86.200 to 86.366 in such a manner as will simplify the operations of the two systems. Separate records shall be maintained only to the extent necessary to determine and pay the benefits provided by sections 86.010 to 86.193 for those [policemen] **police officers** electing not to become members of the retirement system provided by sections 86.200 to 86.366. The board of trustees may accept the membership records of the older system in lieu of the requirements in section 86.210. The board of trustees may authorize the use of the same actuarial assumptions and interest rate in the calculation of the contributions by the cities for both systems and the accrued liability rate may be a combined rate for both systems."; and

Further amend said bill, Page 2, Section 86.207, Line 36, by inserting after all of said line the following:

"86.210. 1. Under such rules and regulations as the board of trustees shall adopt, each member who was a [policeman] police **officer** on and prior to the date the retirement system becomes operative and who becomes a member within one year from such date and each member who was a [policeman] **police officer** prior to reentering the service of the city as a [policeman] **police officer**, shall file a detailed statement of all service as a [policeman] **police officer** rendered by the member prior to the date the retirement system becomes operative or prior to the date of last becoming a member, for which the member claims credit. If such member has withdrawn the member's accumulated contributions prior to reentering said service, then the member shall repay all such accumulated contributions plus the applicable members' interest thereon from the date of withdrawal to the date of repayment in order to receive credit for such prior service.

2. The board of trustees shall fix and determine by proper rules and regulations how much service in any year is equivalent to one year of service, but in no case shall more than one year of service be creditable for all service in one calendar year, nor shall the board of trustees allow credit as service for any period of more than one month's duration during which the member was absent without pay.

3. Subject to the above restrictions and to such other rules and regulations as the board of trustees may adopt, the board of trustees shall verify the service claims as soon as practicable after the filing of such statement of service.

4. Upon verification of the statements of service the board of trustees shall issue prior service certificates, certifying to each member the length of prior service with which the member is credited on the basis of such member's statement of service. So long as the holder of such a certificate continues to be a member, a prior service certificate shall be final and conclusive for retirement purposes as to such service; provided, however, that any member may, within one year from the date of issuance or modification of such certificate, request the board of trustees to modify or correct such prior service certificate. When any [policeman] **police officer** ceases to be a member, the former member's prior service certificate shall become void. Should the former member again become a member, the former member shall enter the retirement system as a member not entitled to prior service credit except as provided in sections 86.200 to 86.366.

5. Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by the member since last becoming a member and also if the member has a prior service certificate which is in full force and effect, the amount of the service certified on such prior service certificate.

86.253. 1. Upon termination of employment as a police officer and actual retirement for service, a member shall receive a service retirement allowance which shall be an amount equal to two percent of the member's average final compensation multiplied by the number of years of the member's creditable service, up to twenty-five years, plus an amount equal to four percent of the member's average final compensation for each year of creditable service in excess of twenty-five years but not in excess of thirty years; plus an additional five percent of the member's average final compensation for any creditable service in excess of thirty years. Notwithstanding the foregoing, the service retirement allowance of a member who does not earn any creditable service after August 11, 1999, shall not exceed an amount equal to seventy percent of the member's average final compensation, and the service retirement allowance of a member who earns creditable service on or after August 12, 1999, shall not exceed an amount equal to seventy-five percent of the member's average final compensation; provided, however, that the service retirement allowance of a member who is participating in the DROP pursuant to section 86.251 on August 12, 1999, who returns to active participation in the system pursuant to section 86.251, and who terminates employment as a police officer and actually retires for reasons other than death or disability before earning at least two years of creditable service after such return shall be the sum of (1) the member's service retirement allowance as of the date the member entered DROP and (2) an additional service retirement allowance based solely on the creditable service earned by the member following the member's return to active participation. The member's total years of creditable service shall be taken into account for the purpose of determining whether the additional allowance attributable to such additional creditable service is two percent, four percent or five percent of the member's average final compensation.

2. If, at any time since first becoming a member of the retirement system, the member has served in the Armed Forces of the United States, and has subsequently been reinstated as a [policeman] **police officer** within ninety days after the member's discharge, the member shall be granted credit for such service as if the member's service in the police department of such city had not been interrupted by the member's induction into the Armed Forces of the United States. If earnable compensation is needed for such period in computation of benefits it shall be calculated on the basis of the compensation payable to the officers of the member's rank during the period of the

member's absence. Notwithstanding any provision of sections 86.200 to 86.366 to the contrary, the retirement system governed by sections 86.200 to 86.366 shall be operated and administered in accordance with the applicable provisions of the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

3. The service retirement allowance of each present and future retired member who terminated employment as a police officer and actually retired from service after attaining age fifty-five or after completing twenty years of creditable service shall be increased annually at a rate not to exceed three percent as approved by the board of trustees beginning with the first increase in the second October following the member's retirement and subsequent increases in each October thereafter, provided that each increase is subject to a determination by the board of trustees that the consumer price index (United States City Average Index) as published by the United States Department of Labor shows an increase of not less than the approved rate during the latest twelve-month period for which the index is available at the date of determination; and provided further, that if the increase is in excess of the approved rate for any year, such excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to a maximum of three percent for each full year from October following the member's retirement but not to exceed a total percentage increase of thirty percent. In no event shall the increase described under this subsection be applied to the amount, if any, paid to a member or surviving spouse of a deceased member for services as a special consultant under subsection 5 of this section or, if applicable, subsection 6 of this section. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below the member's initial benefit. No annual increase shall be made of less than one percent and no decrease of less than three percent except that any decrease may be limited in amount by the initial benefit.

4. In addition to any other retirement allowance payable under this section and section 86.250, a member, upon termination of employment as police officer and actual service retirement, may request payment of the total amount of the member's mandatory contributions to the retirement system without interest. Upon receipt of such request, the board shall pay the retired member such total amount of the member's mandatory contributions to the retirement system to be paid pursuant to this subsection within sixty days after such retired member's date of termination of employment as a police officer and actual retirement.

5. Any person who is receiving retirement benefits from the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of retirement, aging and other matters, for the remainder of the person's life or, in the case of a deceased member's surviving spouse, until the earlier of the person's death or remarriage, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the special consultant shall be compensated monthly, in an amount which, when added to any monthly retirement benefits being received from the retirement system, including any cost-of-living increases under subsection 3 of this section, shall total six hundred fifty dollars a month. This employment shall in no way affect any person's eligibility for retirement benefits under this chapter, or in any way have the effect of reducing retirement benefits, notwithstanding any provisions of law to the contrary.

86.267. 1. Upon termination of employment as a police officer and actual retirement for accidental disability, other than permanent total disability as defined in subsection 2, a member shall receive a retirement allowance of seventy-five percent of the member's average final compensation.

2. Any member who, as the natural and proximate result of an accident occurring at some definite time and place in the actual performance of the member's duty through no negligence on the member's part, is permanently and totally incapacitated from performing any work, occupation or vocation of any kind whatsoever shall receive a retirement allowance as under subsection 1 or, in the discretion of the board of trustees, may receive a larger retirement allowance in an amount not exceeding the member's rate of compensation as a [policeman] **police officer** in effect as of the date the allowance begins.

3. The board of trustees, in its discretion, may, in addition to the allowance granted in accordance with the provisions of subsections 1 and 2, grant an allowance in an amount to be determined by the board of trustees, to provide such member with surgical, medical and hospital care reasonably required after retirement, which are the result and in consequence of the accident causing such disability.

4. Any person who is receiving benefits pursuant to subsection 2 of this section on or after August 28, 1997, and any person who is receiving benefits pursuant to subsection 1 of this section on or after October 1, 2001, and who made mandatory contributions to the retirement system, upon application to the board of trustees, shall be made, constituted, appointed and employed by the board of trustees as a special consultant on the problems of

retirement, aging and other matters, and upon request of the board of trustees shall give opinions and be available to give opinions in writing or orally, in response to such requests, as may be required. For such services the retired member shall be paid a lump sum payment in an amount equal to the total amount of the member's mandatory contributions to the retirement system, without interest, within sixty days after approval of the retired member's application by the board of trustees.

86.290. Should a member cease to be a [policeman] **police officer** except by death or actual retirement, the member may request payment of the amount of the accumulated contributions standing to the credit of the member's individual account, including members' interest, in which event such amount shall be paid to the member not later than one year after the member ceases to be a [policeman] **police officer**. If the former member is reemployed as a [policeman] **police officer** before any portion of such former member's accumulated contributions is distributed, no distribution shall be made. If the former member is reemployed as a [policeman] **police officer** after a portion of the former member's accumulated contributions is distributed, the amount remaining shall also be distributed.

86.360. The board of trustees provided for by section 86.213 is hereby authorized to consolidate, combine and transfer funds provided by sections 86.010 to 86.193 with the funds provided by sections 86.200 to 86.366 in such a manner as will simplify the operations of the two systems. Separate records shall be maintained only to the extent necessary to determine and pay the benefits provided by sections 86.010 to 86.193 for those [policemen] **police officers** electing not to become members of the retirement system provided by sections 86.200 to 86.366. The board of trustees may accept the membership records of the older system in lieu of the requirements in section 86.210. The board of trustees may authorize the use of the same actuarial assumptions and interest rate in the calculation of the contributions by the cities for both systems and the accrued liability rate may be a combined rate for both systems."; and

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FORTY-EIGHTH DAY, WEDNESDAY, APRIL 6, 2016

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

By grace you have been saved through faith, and this is not your own doing, it is the gift of God. (Ephesians 2:8)

Almighty and Faithful God, in whom we live and move and have our being we humbly pray that You guide and govern us by Your spirit and that in all the procedures of these hours we may never forget that You are with us and strengthen us.

Into Your Hands we commit our State and all who live and work and study for her that freedom may continue to be alive in our thoughts. Strengthen them in danger; comfort them in sorrow; keep them steadfast in the performance of duty and ever loyal to this State we love with all our hearts.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-seventh day was approved as printed by the following vote:

House Amendment No. 3

AMEND House Committee Substitute for House Bill No. 1943, Page 16, Section 160.518, Line 85, by inserting after all of said section and line the following:

"162.720. 1. Where a sufficient number of children are determined to be gifted and their development requires programs or services beyond the level of those ordinarily provided in regular public school programs, districts may establish special programs for such gifted children.

2. The state board of education shall determine standards for such programs. Approval of such programs shall be made by the state department of elementary and secondary education based upon project applications submitted by July fifteenth of each year.

3. No district shall make a determination as to whether a child is gifted based on the child's participation in an advanced placement course or international baccalaureate course. Districts shall determine a child is gifted only if the child meets the definition of "gifted children" as provided in section 162.675."; and

Further amend said bill, Page 24, Section 163.021, Line 76, by inserting after all of said section and line the following:

"163.031. 1. The department of elementary and secondary education shall calculate and distribute to each school district qualified to receive state aid under section 163.021 an amount determined by multiplying the district's weighted average daily attendance by the state adequacy target, multiplying this product by the dollar value modifier for the district, and subtracting from this product the district's local effort and subtracting payments from the classroom trust fund under section 163.043.

2. Other provisions of law to the contrary notwithstanding:

(1) For districts with an average daily attendance of more than three hundred fifty in the school year preceding the payment year:

(a) For the 2008-09 school year, the state revenue per weighted average daily attendance received by a district from the state aid calculation under subsections 1 and 4 of **[**this**]** section **163.031 as it existed on July 1, 2015**, as applicable, and the classroom trust fund under section 163.043 shall not be less than the state revenue received by a district in the 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the dollar value modifier, and dividing this product by the weighted average daily attendance computed for the 2005-06 school year;

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision, multiplied by the weighted average daily attendance pursuant to section 163.036, less any increase in revenue received from the classroom trust fund under section 163.043;

(2) For districts with an average daily attendance of three hundred fifty or less in the school year preceding the payment year:

(a) For the 2008-09 school year, the state revenue received by a district from the state aid calculation under subsections 1 and 4 of **[**this**]** section **163.031 as it existed on July 1, 2015**, as applicable, and the classroom trust fund under section 163.043 shall not be less than the greater of state revenue received by a district in the 2004-05 or 2005-06 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts multiplied by the dollar value modifier;

(b) For each year subsequent to the 2008-09 school year, the amount shall be no less than that computed in paragraph (a) of this subdivision;

(3) The department of elementary and secondary education shall make an addition in the payment amount specified in subsection 1 of this section to assure compliance with the provisions contained in this subsection.

3. School districts that meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. The categorical add-on for the district shall be the sum of: seventy-five percent of the district allowable transportation costs under section 163.161; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515; the vocational education entitlement for the district, as provided for in section 167.332; and the district educational and screening program entitlements as provided for in sections 178.691 to 178.699. The categorical add-on revenue amounts may be adjusted to accommodate available appropriations.

4. For any school district meeting the eligibility criteria for state aid as established in section 163.021, but which is considered an option district under section 163.042 and therefore receives no state aid, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services as provided in section 163.042.

5. (1) No less than seventy-five percent of the state revenue received under the provisions of subsections 1 and 2 of this section shall be placed in the teachers' fund, and the remaining percent of such moneys shall be placed in the incidental fund. No less than seventy-five percent of one-half of the funds received from the school district trust fund distributed under section 163.087 shall be placed in the teachers' fund. One hundred percent of revenue received under the provisions of section 163.161 shall be placed in the incidental fund. One hundred percent of revenue received under the provisions of sections 168.500 to 168.515 shall be placed in the teachers' fund.

(2) A school district shall spend for certificated compensation and tuition expenditures each year:

(a) An amount equal to at least seventy-five percent of the state revenue received under the provisions of subsections 1 and 2 of this section;

(b) An amount equal to at least seventy-five percent of one-half of the funds received from the school district trust fund distributed under section 163.087 during the preceding school year; and

(c) Beginning in fiscal year 2008, as much as was spent per the second preceding year's weighted average daily attendance for certificated compensation and tuition expenditures the previous year from revenue produced by local and county tax sources in the teachers' fund, plus the amount of the incidental fund to teachers' fund transfer calculated to be local and county tax sources by dividing local and county tax sources in the incidental fund by total revenue in the incidental fund. In the event a district fails to comply with this provision, the amount by which the district fails to spend funds as provided herein shall be deducted from the district's state revenue received under the provisions of subsections 1 and 2 of this section for the following year, provided that the state board of education may exempt a school district from this provision if the state board of education determines that circumstances warrant such exemption.

6. **(1)** If a school district's annual audit discloses that students were inappropriately identified as eligible for free and reduced lunch, special education, or limited English proficiency and the district does not resolve the audit finding, the department of elementary and secondary education shall require that the amount of aid paid pursuant to the weighting for free and reduced lunch, special education, or limited English proficiency in the weighted average daily attendance on the inappropriately identified pupils be repaid by the district in the next school year and shall additionally impose a penalty of one hundred percent of such aid paid on such pupils, which penalty shall also be paid within the next school year. Such amounts may be repaid by the district through the withholding of the amount of state aid.

(2) In the 2017-18 school year and in each subsequent school year, if a district experiences a decrease in its gifted program enrollment of twenty percent or more from the previous school year, an amount equal to the product of the difference between the number of students enrolled in the gifted program in the current school year and the number of students enrolled in the gifted program in the previous school year multiplied by six hundred eighty dollars shall be subtracted from the district's current year payment amount. This subdivision shall not apply to any school with less than three hundred enrolled students.

7. Notwithstanding any provision of law to the contrary, in any fiscal year during which the total formula appropriation is insufficient to fully fund the entitlement calculation of this section, the department of elementary and secondary education shall adjust the state adequacy target in order to accommodate the appropriation level for the given fiscal year. In no manner shall any payment modification be rendered for any district qualified to receive payments under subsection 2 of this section based on insufficient appropriations."; and

House Amendment No. 1

AMEND House Bill No. 1816, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"334.040. 1. Except as provided in section 334.260, all persons desiring to practice as physicians and surgeons in this state shall be examined as to their fitness to engage in such practice by the board. 2. The examination shall be sufficient to test the applicant's fitness to practice as a physician and surgeon. The examination shall be conducted in such a manner as to conceal the identity of the applicant until all examinations have been scored. In all such examinations an average score of not less than seventy-five percent is required to pass; provided, however, that the board may require applicants to take the Federation Licensing Examination, also known as FLEX, or the United States Medical Licensing Examination (USMLE). If the FLEX examination is required, a weighted average score of no less than seventy-five is required to pass. Scores from one test administration of **[**the FLEX**] an examination** shall not be combined or averaged with scores from other test administrations to achieve a passing score. **[**The passing score of the United States Medical Licensing Examination shall be determined by the board through rule and regulation.**]** Applicants graduating from a medical or osteopathic college, as **[**defined**] described** in section 334.031 prior to January 1, 1994, shall provide proof of successful completion of the FLEX, USMLE, **[**an exam administered by**]** the National Board of Osteopathic Medical Examiners **[**(NBOME),**] Comprehensive Licensing Exam (COMLEX),** a state board examination approved by the board, compliance with subsection 2 of section 334.031, or compliance with 20 CSR 2150-2.005. Applicants graduating from a medical or osteopathic college, as **[**defined**] described** in section 334.031 on or after January 1, 1994, must provide proof of **successful** completion of the USMLE or **[**an exam administered by NBOME**] the COMLEX** or provide proof of compliance with subsection 2 of section 334.031. The board shall not issue a permanent license as a physician and surgeon or allow the Missouri state board examination to be administered to any applicant who has failed to achieve a passing score within three attempts on licensing examinations administered in one or more states or territories of the United States, the District of Columbia or Canada**, unless the applicant petitions the board for an exception based upon unusual or extenuating circumstances that the board may deem reasonable**. The steps one, two and three of the United States Medical Licensing Examination shall be taken within a seven-year period with no more than three attempts on any step of the examination; however, **an applicant may petition the board for an exception to such requirements based upon unusual or extenuating circumstances that the board may deem reasonable.** The board **also** may grant an extension of the seven-year period if the applicant has obtained a MD/PhD degree in a program accredited by the Liaison Committee on Medical Education (LCME) and a regional university accrediting body or a DO/PhD degree accredited by the American Osteopathic Association and a regional university accrediting body. The board may waive the provisions of this section if the applicant is licensed to practice as a physician and surgeon in another state of the United States, the District of Columbia or Canada and the applicant has achieved a passing score on a licensing examination administered in a state or territory of the United States or the District of Columbia and no license issued to the applicant has been disciplined in any state or territory of the United States or the District of Columbia **[**and the applicant is certified in the applicant's area of specialty by the American Board of Medical Specialties, the American Osteopathic Association, or other certifying agency approved by the board by rule**]**.

3. If the board waives the provisions of this section, then the license issued to the applicant may be limited or restricted to the applicant's board specialty. The board shall not be permitted to favor any particular school or system of healing.

4. If an applicant has not actively engaged in the practice of clinical medicine or held a teaching or faculty position in a medical or osteopathic school approved by the American Medical Association, the Liaison Committee on Medical Education, or the American Osteopathic Association for any two years in the three-year period immediately preceding the filing of his or her application for licensure, the board may require successful completion of another examination, continuing medical education, or further training before issuing a permanent license. The board shall adopt rules to prescribe the form and manner of such reexamination, continuing medical education, and training."; and

Such rules shall be limited to **[**specifying geographic areas to be covered,**]** the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than **[**three**] five** full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Such exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics if the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics if the main location of the hospital sponsor is greater than **[**fifty**] sixty** miles from the clinic. The collaborating physician shall maintain documentation related to such requirement and present it to the state board of registration for the healing arts when requested; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(7) A list of all other written practice agreements of the collaborating physician and the assistant physician;

(8) The duration of the written practice agreement between the collaborating physician and the assistant physician;

(9) A description of the time and manner of the collaborating physician's review of the assistant physician's delivery of health care services. The description shall include provisions that the assistant physician shall submit a minimum of ten percent of the charts documenting the assistant physician's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the assistant physician prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

3. The state board of registration for the healing arts under section 334.125 shall promulgate rules regulating the use of collaborative practice arrangements for assistant physicians. Such rules shall specify:

(1) Geographic areas to be covered;

(2) The methods of treatment that may be covered by collaborative practice arrangements;

(3) In conjunction with deans of medical schools and primary care residency program directors in the state, the development and implementation of educational methods and programs undertaken during the collaborative practice service which shall facilitate the advancement of the assistant physician's medical knowledge and capabilities, and which may lead to credit toward a future residency program for programs that deem such documented educational achievements acceptable; and

(4) The requirements for review of services provided under collaborative practice arrangements, including delegating authority to prescribe controlled substances.

Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

Further amend said bill, Page 2, Section 334.285, Line 22, by inserting immediately after said section and line the following:

"**335.360. 1. The party states find that:**

(1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states; and

(6) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

2. The general purposes of this compact are to:

(1) Facilitate the states' responsibility to protect the public's health and safety;

(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction;

(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

(6) Decrease redundancies in the consideration and issuance of nurse licenses; and

(7) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

335.365. As used in this compact, the following terms shall mean:

(1) "Adverse action", any administrative, civil, equitable, or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action;

(2) "Alternative program", a nondisciplinary monitoring program approved by a licensing board;

(3) "Coordinated licensure information system", an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards;

(4) "Current significant investigative information":

(a) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(b) Investigative information that indicates that the nurse represents an immediate threat to public health and safety, regardless of whether the nurse has been notified and had an opportunity to respond;

(5) "Encumbrance", a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board;

(6) "Home state", the party state which is the nurse's primary state of residence;

(7) "Licensing board", a party state's regulatory body responsible for issuing nurse licenses;

(8) "Multistate license", a license to practice as a registered nurse, "RN", or a licensed practical or vocational nurse, "LPN" or "VN", issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege;

(9) "Multistate licensure privilege", a legal authorization associated with a multistate license permitting the practice of nursing as either an RN, LPN, or VN in a remote state;

(10) "Nurse", an RN, LPN, or VN, as those terms are defined by each party state's practice laws;

(11) "Party state", any state that has adopted this compact;

(12) "Remote state", a party state, other than the home state;

(13) "Single-state license", a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state;

(14) "State", a state, territory, or possession of the United States and the District of Columbia;

(15) "State practice laws", a party state's laws, rules, and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

335.370. 1. A multistate license to practice registered or licensed practical or vocational nursing issued by a home state to a resident in that state shall be recognized by each party state as authorizing a nurse to practice as a registered nurse, "RN", or as a licensed practical or vocational nurse, "LPN" or "VN", under a multistate licensure privilege, in each party state.

2. A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.

3. Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:

(1) Meets the home state's qualifications for licensure or renewal of licensure as well as all other applicable state laws;

(2) (a) Has graduated or is eligible to graduate from a licensing board-approved RN or LPN or VN prelicensure education program; or

(b) Has graduated from a foreign RN or LPN or VN prelicensure education program that has been approved by the authorized accrediting body in the applicable country and has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;

(3) Has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing, and listening;

(4) Has successfully passed an NCLEX-RN or NCLEX-PN examination or recognized predecessor, as applicable;

(5) Is eligible for or holds an active, unencumbered license;

(6) Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;

(7) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

(8) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(9) Is not currently enrolled in an alternative program;

(10) Is subject to self-disclosure requirements regarding current participation in an alternative program; and

(11) Has a valid United States Social Security number.

4. All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

5. A nurse practicing in a party state shall comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege shall subject a nurse to the jurisdiction of the licensing board, the courts, and the laws of the party state in which the client is located at the time service is provided.

6. Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals shall not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this compact shall affect the requirements established by a party state for the issuance of a single-state license.

7. Any nurse holding a home state multistate license on the effective date of this compact may retain and renew the multistate license issued by the nurse's then current home state, provided that:

(1) A nurse who changes primary state of residence after this compact's effective date shall meet all applicable requirements as provided in subsection 3 of this section to obtain a multistate license from a new home state;

(2) A nurse who fails to satisfy the multistate licensure requirements in subsection 3 of this section due to a disqualifying event occurring after this compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators, commission.

335.375. 1. Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any

license or multistate licensure privilege held by the applicant, and whether the applicant is currently participating in an alternative program.

2. A nurse shall hold a multistate license, issued by the home state, in only one party state at a time.

3. If a nurse changes primary state of residence by moving between two party states, the nurse shall apply for licensure in the new home state, and the multistate license issued by the prior home state shall be deactivated in accordance with applicable rules adopted by the commission.

(1) The nurse may apply for licensure in advance of a change in primary state of residence.

(2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

4. If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate license issued by the prior home state shall convert to a single-state license, valid only in the former home state.

335.380. 1. In addition to the other powers conferred by state law, a licensing board shall have the authority to:

(1) Take adverse action against a nurse's multistate licensure privilege to practice within that party state;

(a) Only the home state shall have the power to take adverse action against a nurse's license issued by the home state;

(b) For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action;

(2) Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state;

(3) Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions;

(4) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located;

(5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks, and use the results in making licensure decisions;

(6) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse; and

(7) Take adverse action based on the factual findings of the remote state; provided that, the licensing board follows its own procedures for taking such adverse action.

2. If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

3. Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

335.385. 1. All party states shall participate in a coordinated licensure information system of all licensed registered nurses, "RNs", and licensed practical or vocational nurses, "LPNs" or "VNs". This system shall include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

2. The commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.

3. All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications with the reasons for such denials, and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

4. Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

5. Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that shall not be shared with non-party states or disclosed to other entities or individuals without the express permission of the contributing state.

6. Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

7. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

8. The compact administrator of each party state shall furnish a uniform data set to the compact administrator of each other party state, which shall include, at a minimum:

(1) Identifying information;

(2) Licensure data;

(3) Information related to alternative program participation; and

(4) Other information that may facilitate the administration of this compact, as determined by commission rules.

9. The compact administrator of a party state shall provide all investigative documents and information requested by another party state.

335.390. 1. The party states hereby create and establish a joint public entity known as the "Interstate Commission of Nurse Licensure Compact Administrators".

(1) The commission is an instrumentality of the party states.

(2) Venue is proper, and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

2. (1) Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

(2) Each administrator shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.

(4) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 335.395.

(5) The commission may convene in a closed, nonpublic meeting if the commission must discuss:

(a) Noncompliance of a party state with its obligations under this compact;

(b) The employment, compensation, discipline, or other personnel matters, practices, or procedures related to specific employees, or other matters related to the commission's internal personnel practices and procedures;

(c) Current, threatened, or reasonably anticipated litigation;

(d) Negotiation of contracts for the purchase or sale of goods, services, or real estate;

(e) Accusing any person of a crime or formally censuring any person;

(f) Disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(g) Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(h) Disclosure of investigatory records compiled for law enforcement purposes;

(i) Disclosure of information related to any reports prepared by or on behalf of the commission for the purpose of investigation of compliance with this compact; or

(j) Matters specifically exempted from disclosure by federal or state statute.

(6) If a meeting, or portion of a meeting, is closed pursuant to subdivision (5) of this subsection, the commission's legal counsel or designee shall certify that the meeting shall be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

3. The commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this compact including, but not limited to:

(1) Establishing the fiscal year of the commission;

(2) Providing reasonable standards and procedures:

(a) For the establishment and meetings of other committees; and

(b) Governing any general or specific delegation of any authority or function of the commission;

(3) Providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

(4) Establishing the titles, duties, and authority and reasonable procedures for the election of the officers of the commission;

(5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the commission; and

(6) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of this compact after the payment or reserving of all of its debts and obligations.

4. The commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the commission.

5. The commission shall maintain its financial records in accordance with the bylaws.

6. The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

7. The commission shall have the following powers:

(1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding in all party states;

(2) To bring and prosecute legal proceedings or actions in the name of the commission; provided that, the standing of any licensing board to sue or be sued under applicable law shall not be affected;

(3) To purchase and maintain insurance and bonds;

(4) To borrow, accept, or contract for services of personnel including, but not limited to, employees of a party state or nonprofit organizations;

(5) To cooperate with other organizations that administer state compacts related to the regulation of nursing including, but not limited to, sharing administrative or staff expenses, office space, or other resources;

(6) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

(7) To accept any and all appropriate donations, grants and gifts of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same; provided that, at all times the commission shall avoid any appearance of impropriety or conflict of interest;

(8) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, whether real, personal, or mixed; provided that, at all times the commission shall avoid any appearance of impropriety;

(9) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, whether real, personal, or mixed;

(10) To establish a budget and make expenditures;

(11) To borrow money;

(12) To appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their representatives, consumer representatives, and other such interested persons;

(13) To provide and receive information from, and to cooperate with, law enforcement agencies;

(14) To adopt and use an official seal; and

(15) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of nurse licensure and practice.

8. (1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities, and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule that is binding upon all party states.

(3) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the party states, except by and with the authority of such party state.

(4) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

9. (1) The administrators, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities; provided that, nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission shall defend any administrator, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or

responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The commission shall indemnify and hold harmless any administrator, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of that person.

335.395. 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this compact.

2. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

3. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule shall be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

4. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting in which the rule shall be considered and voted upon;

(2) The text of the proposed rule or amendment, and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person;

(4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

5. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

6. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

7. The commission shall publish the place, time, and date of the scheduled public hearing.

(1) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings shall be recorded, and a copy shall be made available upon request.

(2) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

8. If no one appears at the public hearing, the commission may proceed with promulgation of the proposed rule.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that, the usual rulemaking procedures provided in this compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

(1) Meet an imminent threat to public health, safety, or welfare;

(2) Prevent a loss of commission or party state funds; or

(3) Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

12. The commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision shall be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision shall not take effect without the approval of the commission.

335.400. 1. (1) Each party state shall enforce this compact and take all actions necessary and appropriate to effectuate this compact's purposes and intent.

(2) The commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities, or actions of the commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

2. (1) If the commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

(a) Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

(b) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to cure the default, the defaulting state's membership in this compact shall be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits conferred by this compact shall be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor of the defaulting state, to the executive officer of the defaulting state's licensing board, and each of the party states.

(4) A state whose membership in this compact has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The commission shall not bear any costs related to a state that is found to be in default or whose membership in this compact has been terminated unless agreed upon in writing between the commission and the defaulting state.

(6) The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district in which the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

3. (1) Upon request by a party state, the commission shall attempt to resolve disputes related to the compact that arise among party states and between party and non-party states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(3) In the event the commission cannot resolve disputes among party states arising under this compact:

(a) The party states shall submit the issues in dispute to an arbitration panel, which shall be comprised of individuals appointed by the compact administrator in each of the affected party states and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute.

(b) The decision of a majority of the arbitrators shall be final and binding.

4. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district in which the commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this compact and its promulgated

rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

335.405. 1. This compact shall become effective and binding on the earlier of the date of legislative enactment of this compact into law by no less than twenty-six states or December 31, 2018. All party states to this compact that also were parties to the prior Nurse Licensure Compact superseded by this compact "prior compact" shall be deemed to have withdrawn from said prior compact within six months after the effective date of this compact.

2. Each party state to this compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the prior compact until such party state has withdrawn from the prior compact.

3. Any party state may withdraw from this compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six months after enactment of the repealing statute.

4. A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

5. Nothing contained in this compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this compact.

6. This compact may be amended by the party states. No amendment to this compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

7. Representatives of non-party states to this compact shall be invited to participate in the activities of the commission on a nonvoting basis prior to the adoption of this compact by all states.

335.410. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state, this compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

335.415. 1. The term "head of the nurse licensing board" as referred to in section 335.390 of this compact shall mean the executive director of the Missouri state board of nursing.

2. This compact is designed to facilitate the regulation of nurses, and does not relieve employers from complying with statutorily imposed obligations.

3. This compact does not supersede existing state labor laws.

[335.300. 1. The party states find that:

(1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

(2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

(3) The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

(4) New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

(5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant to both nurses and states.

2. The general purposes of this compact are to:

(1) Facilitate the states' responsibility to protect the public's health and safety;

(2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

(3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation, and adverse actions;

(4) Promote compliance with the laws governing the practice of nursing in each jurisdiction;

(5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses.**]**

[335.305. As used in this compact, the following terms shall mean:

(1) "Adverse action", a home or remote state action;

(2) "Alternative program", a voluntary, nondisciplinary monitoring program approved by a nurse licensing board;

(3) "Coordinated licensure information system", an integrated process for collecting, storing, and sharing information on nurse licensure and enforcement activities related to nurse licensure laws, which is administered by a nonprofit organization composed of and controlled by state nurse licensing boards;

(4) "Current significant investigative information":

(a) Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or

(b) Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond;

(5) "Home state", the party state that is the nurse's primary state of residence;

(6) "Home state action", any administrative, civil, equitable, or criminal action permitted by the home state's laws that are imposed on a nurse by the home state's licensing board or other authority including actions against an individual's license such as: revocation, suspension, probation, or any other action affecting a nurse's authorization to practice;

(7) "Licensing board", a party state's regulatory body responsible for issuing nurse licenses;

(8) "Multistate licensing privilege", current, official authority from a remote state permitting the practice of nursing as either a registered nurse or a licensed practical/vocational nurse in such party state. All party states have the authority, in accordance with existing state due process law, to take actions against the nurse's privilege such as: revocation, suspension, probation, or any other action that affects a nurse's authorization to practice;

(9) "Nurse", a registered nurse or licensed/vocational nurse, as those terms are defined by each state's practice laws;

(10) "Party state", any state that has adopted this compact;

(11) "Remote state", a party state, other than the home state:

(a) Where a patient is located at the time nursing care is provided; or

(b) In the case of the practice of nursing not involving a patient, in such party state where the recipient of nursing practice is located;

(12) "Remote state action":

(a) Any administrative, civil, equitable, or criminal action permitted by a remote state's laws which are imposed on a nurse by the remote state's licensing board or other authority including actions against an individual's multistate licensure privilege to practice in the remote state; and

(b) Cease and desist and other injunctive or equitable orders issued by remote states or the licensing boards thereof;

(13) "State", a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico;

(14) "State practice laws", those individual party's state laws and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. State practice laws does not include the initial qualifications for licensure or requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.**]**

[335.310. 1. A license to practice registered nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensure privilege to practice as a registered nurse in such party state. A license to practice licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a multistate licensure privilege to practice as a licensed practical/vocational nurse in such party state. In order to obtain or retain a license, an applicant must meet the home state's qualifications for licensure and license renewal as well as all other applicable state laws.

2. Party states may, in accordance with state due process laws, limit or revoke the multistate licensure privilege of any nurse to practice in their state and may take any other actions under their applicable state laws necessary to protect the health and safety of their citizens. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

3. Every nurse practicing in a party state must comply with the state practice laws of the state in which the patient is located at the time care is rendered. In addition, the practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of a party state. The practice of nursing will subject a nurse to the jurisdiction of the nurse licensing board and the courts, as well as the laws, in that party state.

4. This compact does not affect additional requirements imposed by states for advanced practice registered nursing. However, a multistate licensure privilege to practice registered nursing granted by a party state shall be recognized by other party states as a license to practice registered nursing if one is required by state law as a precondition for qualifying for advanced practice registered nurse authorization.

5. Individuals not residing in a party state shall continue to be able to apply for nurse licensure as provided for under the laws of each party state.
However, the license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state unless explicitly agreed to by that party state.**]**

[335.315. 1. Upon application for a license, the licensing board in a party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any restrictions on the multistate licensure privilege, and whether any other adverse action by any state has been taken against the license.

2. A nurse in a party state shall hold licensure in only one party state at a time, issued by the home state.

3. A nurse who intends to change primary state of residence may apply for licensure in the new home state in advance of such change. However, new licenses will not be issued by a party state until after a nurse provides evidence of change in primary state of residence satisfactory to the new home state's licensing board.

4. When a nurse changes primary state of residence by:

(1) Moving between two party states, and obtains a license from the new home state, the license from the former home state is no longer valid;

(2) Moving from a nonparty state to a party state, and obtains a license from the new home state, the individual state license issued by the nonparty state is not affected and will remain in full force if so provided by the laws of the nonparty state;

(3) Moving from a party state to a nonparty state, the license issued by the prior home state converts to an individual state license, valid only in the former home state, without the multistate licensure privilege to practice in other party states.**]**

[335.320. In addition to the general provisions described in article III of this compact, the following provisions apply:

(1) The licensing board of a remote state shall promptly report to the administrator of the coordinated licensure information system any remote state actions including the factual and legal basis for such action, if known. The licensing board of a remote state shall also promptly report any significant current investigative information yet to result in a remote state action. The administrator of the coordinated licensure information system shall promptly notify the home state of any such reports;

(2) The licensing board of a party state shall have the authority to complete any pending investigations for a nurse who changes primary state of residence during the course of such investigations. It shall also have the authority to take appropriate actions, and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions;

(3) A remote state may take adverse action affecting the multistate licensure privilege to practice within that party state. However, only the home state shall have the power to impose adverse action against the license issued by the home state;

(4) For purposes of imposing adverse action, the licensing board of the home state shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state, in so doing, it shall apply its own state laws to determine appropriate action;

(5) The home state may take adverse action based on the factual findings of the remote state, so long as each state follows its own procedures for imposing such adverse action;

(6) Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of licensure action and that such participation shall remain nonpublic if required by the party state's laws. Party states must require nurses who enter any alternative programs to agree not to practice in any other party state during the term of the alternative program without prior authorization from such other party state.**]**

[335.325. Notwithstanding any other powers, party state nurse licensing boards shall have the authority to:

(1) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse;

(2) Issue subpoenas for both hearings and investigations which require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a nurse licensing board in a party state for the attendance and testimony of witnesses, and/or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and evidence are located;

(3) Issue cease and desist orders to limit or revoke a nurse's authority to practice in their state;

(4) Promulgate uniform rules and regulations as provided for in subsection 3 of section 335.335.**]**

[335.330. 1. All party states shall participate in a cooperative effort to create a coordinated database of all licensed registered nurses and licensed practical/vocational nurses. This system will include information on the licensure and disciplinary history of each nurse, as contributed by party states, to assist in the coordination of nurse licensure and enforcement efforts.

2. Notwithstanding any other provision of law, all party states' licensing boards shall promptly report adverse actions, actions against multistate licensure privileges, any current significant investigative information yet to result in adverse action, denials of applications, and the reasons for such denials to the coordinated licensure information system.

3. Current significant investigative information shall be transmitted through the coordinated licensure information system only to party state licensing boards.

4. Notwithstanding any other provision of law, all party states' licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

5. Any personally identifiable information obtained by a party state's licensing board from the coordinated licensure information system may not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

6. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

7. The compact administrators, acting jointly with each other and in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection, and exchange of information under this compact.**]**

[335.335. 1. The head of the nurse licensing board, or his/her designee, of each party state shall be the administrator of this compact for his/her state.

2. The compact administrator of each party shall furnish to the compact administrator of each other party state any information and documents including, but not limited to, a uniform data set of investigations, identifying information, licensure data, and disclosable alternative program participation information to facilitate the administration of this compact.

3. Compact administrators shall have the authority to develop uniform rules to facilitate and coordinate implementation of this compact. These uniform rules shall be adopted by party states, under the authority invested under subsection 4 of section 335.325.**]**

[335.340. No party state or the officers or employees or agents of a party state's nurse licensing board who acts in accordance with the provisions of this compact shall be liable on account of any act or omission in good faith while engaged in the performance of their duties under this compact. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.**]**

[335.345. 1. This compact shall enter into force and become effective as to any state when it has been enacted into the laws of that state. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the withdrawing state has given notice of the withdrawal to the executive heads of all other party states.

2. No withdrawal shall affect the validity or applicability by the licensing boards of states remaining party to the compact of any report of adverse action occurring prior to the withdrawal.

3. Nothing contained in this compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a non-party state that is made in accordance with the other provisions of this compact.

4. This compact may be amended by the party states. No amendment to this compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.**]**

[335.350. 1. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full

force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

2. In the event party states find a need for settling disputes arising under this compact:

(1) The party states may submit the issues in dispute to an arbitration panel which will be comprised of an individual appointed by the compact administrator in the home state, an individual appointed by the compact administrator in the remote states involved, and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute;

(2) The decision of a majority of the arbitrators shall be final and binding.**]**

[335.355. 1. The term "head of the nurse licensing board" as referred to in article VIII of this compact shall mean the executive director of the Missouri state board of nursing.

2. A person who is extended the privilege to practice in this state pursuant to the nurse licensure compact is subject to discipline by the board, as set forth in this chapter, for violation of this chapter or the rules and regulations promulgated herein. A person extended the privilege to practice in this state pursuant to the nurse licensure compact shall be subject to adhere to all requirements of this chapter, as if such person were originally licensed in this state.

3. Sections 335.300 to 335.355 are applicable only to nurses whose home states are determined by the Missouri state board of nursing to have licensure requirements that are substantially equivalent or more stringent than those of Missouri.

4. This compact is designed to facilitate the regulation of nurses, and does not relieve employers from complying with statutorily imposed obligations.

5. This compact does not supercede existing state labor laws.**]**

Section B. The repeal of sections 335.300 to 335.355 and the enactment of sections 335.360 to 335.415 of this act shall become effective on December 31, 2018, or upon the enactment of sections 335.360 to 335.415 of this act by no less than twenty-six states and notification of such enactment to the revisor of statutes by the Interstate Commission of Nurse Licensure Compact Administrators, whichever occurs first."; and

The governing body of any county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants or any city within such county may impose by order or ordinance a sales tax on all retail sales made within the county or city that are subject to sales tax under chapter 144 for the purpose of funding early childhood education programs in the county or city. The tax authorized in this section shall be in addition to all other sales taxes imposed by law and shall be stated separately from all other charges and taxes. The order or ordinance imposing a sales tax under this section shall not become effective unless the governing body of the county or city submits to the voters residing within the county or city, at a general election, a proposal to authorize the governing body of the county or city to impose a tax under this section.

2. The question of whether the tax authorized by this section shall be imposed shall be submitted in substantially the following form:

OFFICIAL BALLOT

Shall ..... (name of county/city) impose a (countywide/citywide) sales tax at a rate of (insert rate) percent for the purpose of funding early childhood education in the county or city?

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the order or ordinance shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of the adoption of the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the county or city may not impose the sales tax authorized under this section unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. On or after the effective date of any tax authorized under this section, the county or city that imposed the tax shall enter into an agreement with the director of the department of revenue for the purpose of collecting the tax authorized in this section. On or after the effective date of the tax the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087 shall apply. All revenue collected under this section by the director of the department of revenue on behalf of any county or city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Early Childhood Education Sales Tax Trust Fund" and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the county or city for erroneous payments and overpayments made and may redeem dishonored checks and drafts deposited to the credit of such county or city. Any funds in the special trust fund that are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the county or city may authorize the use of a bracket system similar to that authorized under section 144.285, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the county or city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions under sections 144.010 to 144.525 governing the state sales tax, and section 32.057, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525 are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required under sections 144.010 to 144.525 for the administration and

collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided under section 32.057 and sections 144.010 to 144.525 are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided under sections 144.010 to 144.525.

6. The governing body of any county or city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters at a general election. The ballot of submission shall be in substantially the following form:

☐ YES ☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any county or city that has adopted the sales tax authorized in this section receives a petition, signed by ten percent of the registered voters of the county or city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the county or city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. 8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the county or city shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such county or city, the director shall remit the balance in the account to the county or city and close the account of that county or city. The director shall notify each county or city of each instance of any amount refunded or any check redeemed from receipts due the county or city.

The governing body of each county or city imposing the tax authorized under this section shall select an existing community task force to administer the revenue from the tax received by the county or city. Such revenue shall be expended only upon approval of an existing community task force selected by the governing body of the county or city to administer the funds and only in accordance with a budget approved by the county or city governing body.

10. Notwithstanding any other provision of law, any tax authorized under the provisions of this section shall be submitted to the voters of the taxing jurisdiction for retention or repeal every five years using the same procedure by which the imposition of the tax was voted. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are in favor of retention, the tax shall continue in effect. If a majority of the votes cast on the proposal by the qualified voters of the taxing jurisdiction voting thereon are not in favor of retention, the tax shall be repealed and that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved.

The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients. The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his or her physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. A resident of such facility who qualifies for assistance under section 208.030 shall, at a minimum, if prescribed by a physician, qualify for the tier level with the fewest services. The rate paid to providers for each tier of service shall be set subject to appropriations. Subject to appropriations, each resident of such facility who qualifies for assistance under section 208.030 and meets the level of care required in this section shall, at a minimum, if prescribed by a physician, be authorized up to one hour of personal care services per day. Authorized units of personal care services shall not be reduced or tier level lowered unless an order approving such reduction or lowering is obtained from the resident's personal physician. Such authorized units of personal care services or tier level shall be transferred with such resident if he or she transfers to another such facility. Such provision shall terminate upon receipt of relevant waivers from the federal Department of Health and Human Services. If the Centers for Medicare and Medicaid Services determines that such provision does not comply with the state plan, this provision shall be null and void. The MO HealthNet division shall notify the revisor of statutes as to whether the relevant waivers are approved or a determination of noncompliance is made;

Such mental health services shall include:

(a) Outpatient mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(b) Clinic mental health services including preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health professional in accordance with a plan of treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management;

(c) Rehabilitative mental health and alcohol and drug abuse services including home and community-based preventive, diagnostic, therapeutic, rehabilitative, and palliative interventions rendered to individuals in an individual or group setting by a mental health or alcohol and drug abuse professional in accordance with a plan of

treatment appropriately established, implemented, monitored, and revised under the auspices of a therapeutic team as a part of client services management. As used in this section, mental health professional and alcohol and drug abuse professional shall be defined by the department of mental health pursuant to duly promulgated rules. With respect to services established by this subdivision, the department of social services, MO HealthNet division, shall enter into an agreement with the department of mental health. Matching funds for outpatient mental health services, clinic mental health services, and rehabilitation services for mental health and alcohol and drug abuse shall be certified by the department of mental health to the MO HealthNet division. The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(16) Such additional services as defined by the MO HealthNet division to be furnished under waivers of federal statutory requirements as provided for and authorized by the federal Social Security Act (42 U.S.C. Section 301, et seq.) subject to appropriation by the general assembly;

(17) The services of an advanced practice registered nurse with a collaborative practice agreement to the extent that such services are provided in accordance with chapters 334 and 335, and regulations promulgated thereunder;

(18) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection to reserve a bed for the participant in the nursing home during the time that the participant is absent due to admission to a hospital for services which cannot be performed on an outpatient basis, subject to the provisions of this subdivision:

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

b. The patient is admitted to a hospital for a medical condition with an anticipated stay of three days or less;

(b) The payment to be made under this subdivision shall be provided for a maximum of three days per hospital stay;

(c) For each day that nursing home costs are paid on behalf of a participant under this subdivision during any period of six consecutive months such participant shall, during the same period of six consecutive months, be ineligible for payment of nursing home costs of two otherwise available temporary leave of absence days provided under subdivision (5) of this subsection; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. If the nursing home receives such notification and all other provisions of this subsection have been satisfied, the nursing home shall provide notice to the participant or the participant's responsible party prior to release of the reserved bed;

(19) Prescribed medically necessary durable medical equipment. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(20) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(21) Prescribed medically necessary dental services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(22) Prescribed medically necessary optometric services. Such services shall be subject to appropriations. An electronic web-based prior authorization system using best medical evidence and care and treatment guidelines consistent with national standards shall be used to verify medical need;

(23) Blood clotting products-related services. For persons diagnosed with a bleeding disorder, as defined in section 338.400, reliant on blood clotting products, as defined in section 338.400, such services include:

(a) Home delivery of blood clotting products and ancillary infusion equipment and supplies, including the emergency deliveries of the product when medically necessary;

(b) Medically necessary ancillary infusion equipment and supplies required to administer the blood clotting products; and

(c) Assessments conducted in the participant's home by a pharmacist, nurse, or local home health care agency trained in bleeding disorders when deemed necessary by the participant's treating physician;

(24) The MO HealthNet division shall, by January 1, 2008, and annually thereafter, report the status of MO HealthNet provider reimbursement rates as compared to one hundred percent of the Medicare reimbursement rates and compared to the average dental reimbursement rates paid by third-party payors licensed by the state. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Dental services;

(2) Services of podiatrists as defined in section 330.010;

(3) Optometric services as **[**defined**] described** in section 336.010;

(4) Orthopedic devices or other prosthetics, including eye glasses, dentures, hearing aids, and wheelchairs;

(5) Hospice care. As used in this subdivision, the term "hospice care" means a coordinated program of active professional medical attention within a home, outpatient and inpatient care which treats the terminally ill patient and family as a unit, employing a medically directed interdisciplinary team. The program provides relief of severe pain or other physical symptoms and supportive care to meet the special needs arising out of physical, psychological, spiritual, social, and economic stresses which are experienced during the final stages of illness, and during dying and bereavement and meets the Medicare requirements for participation as a hospice as are provided in 42 CFR Part 418. The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. Section 1396, et seq.) and regulations thereunder. When substitution of a generic drug is permitted by the prescriber according to section 338.056, and a generic drug is substituted for a name-brand drug, the MO HealthNet division may not lower or delete the requirement to make a co-payment pursuant to regulations of TZitle XIX of the federal Social Security Act. A provider of goods or services described under this section must collect from all participants the additional payment

that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. If the Centers for Medicare and Medicaid Services does not approve the MO HealthNet state plan amendment submitted by the department of social services that would allow a provider to deny future services to an individual with uncollected co-payments, the denial of services shall not be allowed. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. Section 1396a and federal regulations promulgated thereunder.

6. Beginning July 1, 1990, reimbursement for services rendered in federally funded health centers shall be in accordance with the provisions of subsection 6402(c) and Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989) and federal regulations promulgated thereunder.

7. Beginning July 1, 1990, the department of social services shall provide notification and referral of children below age five, and pregnant, breast-feeding, or postpartum women who are determined to be eligible for MO HealthNet benefits under section 208.151 to the special supplemental food programs for women, infants and children administered by the department of health and senior services. Such notification and referral shall conform to the requirements of Section 6406 of P.L. 101-239 and regulations promulgated thereunder.

8. Providers of long-term care services shall be reimbursed for their costs in accordance with the provisions of Section 1902 (a)(13)(A) of the Social Security Act, 42 U.S.C. Section 1396a, as amended, and regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(C) of the Social Security Act, 42 U.S.C. Section 1396a (a)(13)(C).

10. The MO HealthNet division**[,]** may enroll qualified residential care facilities and assisted living facilities, as defined in chapter 198, as MO HealthNet personal care providers.

11. Any income earned by individuals eligible for certified extended employment at a sheltered workshop under chapter 178 shall not be considered as income for purposes of determining eligibility under this section.

12. If the Missouri Medicaid audit and compliance unit changes any interpretation or application of the requirements for reimbursement for MO HealthNet services from the interpretation or application that has been applied previously by the state in any audit of a MO HealthNet provider, the Missouri Medicaid audit and compliance unit shall notify all affected MO HealthNet providers five business days before such change shall take effect. Failure of the Missouri Medicaid audit and compliance unit to notify a provider of such change shall entitle the provider to continue to receive and retain reimbursement until such notification is provided and shall waive any liability of such provider for recoupment or other loss of any payments previously made prior to the five business days after such notice has been sent. Each provider shall provide the Missouri Medicaid audit and compliance unit a valid email address and shall agree to receive communications electronically. The notification required under this section shall be delivered in writing by the United States Postal Service or electronic mail to each provider.

13. Nothing in this section shall be construed to abrogate or limit the department's statutory requirement to promulgate rules under chapter 536.

14. Beginning July 1, 2016, and subject to appropriations, providers of behavioral, social, and psychophysiological services for the prevention, treatment, or management of physical health problems shall be reimbursed utilizing the behavior assessment and intervention reimbursement codes 96150 to 96154 or

their successor codes under the Current Procedural Terminology (CPT) coding system. Providers eligible for such reimbursement shall include psychologists."; and

The license plate or plates authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of eighteen thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for eighteen thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030.

9. No later than January 1, **[**2009**] 2018**, the director of revenue shall commence the reissuance of new license plates of such design as **[**directed by the director**] approved by the advisory committee under section 301.125** consistent with the terms, conditions, and provisions of **[**this**]** section **301.125** and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection."; and

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FORTY-NINTH DAY, THURSDAY, APRIL 7, 2016

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

God has not given us the spirit of fear; but of power, and of love, and of a sound mind. (II Timothy 1:7)

Most Gracious and Loving God, the strength of all who put their trust in You and the light of those who walk in Your way, make us truly conscious of Your presence as we enter this new day fresh from Your hand. Grant that in the stress and strain of these debates and votes we may never lose heart or hope.

We pray that our Speaker and all the Members of this House of Representatives may be abundantly blessed with the strengthening presence of Your wisdom as they work earnestly for the good of our youth, for peace in our elderly, and for the benefit of all citizens.

In all our endeavors on behalf of Missouri may we be ever mindful that our highest resources are spiritual, and upon the foundation of justice, righteousness, and peace may we build our life as an individual, and seek to build our lives together in this special chamber.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-eighth day was approved as corrected.

"452.370. 1. Except as otherwise provided in subsection 6 of section 452.325, the provisions of any judgment respecting maintenance or support may be modified only upon a showing of changed circumstances so substantial and continuing as to make the terms unreasonable. In a proceeding for modification of any child support or maintenance judgment, the court, in determining whether or not a substantial change in circumstances has occurred, shall consider all financial resources of both parties, including **[**the extent to which the reasonable expenses of either party are, or should be, shared by a spouse or other person with whom he or she cohabits, and**]** the earning capacity of a party who is not employed.

2. A payor reaching full retirement age shall establish a substantial and continuing change of circumstances that makes the terms of a maintenance award unreasonable. Termination of any existing and subsequent maintenance awards, based upon the payor reaching full retirement age, shall occur upon the filing by the payor of a notice to terminate maintenance, reciting that the payor has reached full retirement age. The recipient of maintenance may seek to extend the maintenance award by showing that the payor has not reached full retirement age. The payor's ability to work beyond full retirement age shall not constitute grounds to extend maintenance.

3. A party receiving maintenance shall be under a continuing affirmative duty and obligation to become self-supporting. Failure to become self-supporting in a reasonable period of time shall be considered by the court as a substantial and continuing change of circumstances by which termination of a maintenance order may occur.

4. If the application of the child support guidelines and criteria set forth in section 452.340 and applicable supreme court rules to the financial circumstances of the parties would result in a change of child support from the existing amount by twenty percent or more, a prima facie showing has been made of a change of circumstances so substantial and continuing as to make the present terms unreasonable, if the existing amount was based upon the presumed amount pursuant to the child support guidelines.

[2.**]** **5.** When the party seeking modification has met the burden of proof set forth in subsection 1 of this section, the child support shall be determined in conformity with criteria set forth in section 452.340 and applicable supreme court rules.

[3.**] 6.** Unless otherwise agreed in writing or expressly provided in the judgment, the obligation to pay future statutory maintenance is terminated upon the death of either party **[**or**] ,** the remarriage of the party receiving maintenance**, or the cohabitation of the party receiving maintenance with a domestic partner for one hundred twenty days or more, cumulatively or consecutively**.

[4.**] 7. In the event of the payor's remarriage or cohabitation with a domestic partner, income and assets of the payor's spouse or domestic partner shall not be considered in any motion to modify or terminate maintenance.**

8. Unless otherwise agreed in writing or expressly provided in the judgment, provisions for the support of a child are terminated by emancipation of the child. The parent entitled to receive child support shall have the duty to notify the parent obligated to pay support of the child's emancipation and failing to do so, the parent entitled to receive child support shall be liable to the parent obligated to pay support for child support paid following emancipation of a minor child, plus interest.

[5.**] 9.** If a parent has made an assignment of support rights to the family support division on behalf of the state as a condition of eligibility for benefits pursuant to the Temporary Assistance for Needy Families program and either party initiates a motion to modify the support obligation by reducing it, the state of Missouri shall be named as a party to the proceeding. The state shall be served with a copy of the motion by sending it by certified mail to the director of the family support division.

[6.**] 10.** The court shall have continuing personal jurisdiction over both the obligee and the obligor of a court order for child support or maintenance for the purpose of modifying such order. Both obligee and obligor shall notify, in writing, the clerk of the court in which the support or maintenance order was entered of any change of mailing address. If personal service of the motion cannot be had in this state, the motion to modify and notice of hearing shall be served outside the state as provided by supreme court rule 54.14. The order may be modified only as to support or maintenance installments which accrued subsequent to the date of personal service. For the purpose of 42 U.S.C. Section 666(a)(9)(C), the circuit clerk shall be considered the appropriate agent to receive notice of the motion to modify for the obligee or the obligor, but only in those instances in which personal service could not be had in this state.

[8.**] 12.** Notwithstanding any provision of this section which requires a showing of substantial and continuing change in circumstances, in a IV-D case filed pursuant to this section by the family support division as provided in section 454.400, the court shall modify a support order in accordance with the guidelines and criteria set forth in supreme court rule 88.01 and any regulations thereunder if the amount in the current order differs from the amount which would be ordered in accordance with such guidelines or regulations."; and

5. Any person may bring an action pursuant to this section in the circuit court having jurisdiction to authorize disclosure of **a mobile video recording or** the information contained in an investigative report of any law enforcement agency, which would otherwise be closed pursuant to this section. The court may order that all or part of **a mobile video recording or** the information contained in an investigative report be released to the person bringing the action.

(2) In making the determination as to whether a mobile video recording shall be disclosed, the court shall consider:

(5) The court may find that the party seeking disclosure of the **mobile video recording or** investigative report shall bear the reasonable and necessary costs and attorneys' fees of both parties, unless the court finds that the decision of the law enforcement agency not to open the **mobile video recording or** investigative report was substantially unjustified under all relevant circumstances, and in that event, the court may assess such reasonable and necessary costs and attorneys' fees to the law enforcement agency.

6. Any person may apply pursuant to this subsection to the circuit court having jurisdiction for an order requiring a law enforcement agency to open incident reports and arrest reports being unlawfully closed pursuant to this section. If the court finds by a preponderance of the evidence that the law enforcement officer or agency has knowingly violated this section, the officer or agency shall be subject to a civil penalty in an amount up to one thousand dollars. If the court finds that there is a knowing violation of this section, the court may order payment by such officer or agency of all costs and attorneys' fees, as provided by section 610.027. JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FIFTIETH DAY, MONDAY, APRIL 11, 2016

The House met pursuant to adjournment.

Speaker Pro Tem Hoskins in the Chair.

Prayer by Representative Steve Lynch.

Father, You say in Matthew 6:33, "*But seek first His kingdom and His righteousness, and all these things will be given to you as well.*" Thank you Father for simplifying our lives. You say we are to discover Your priorities and then make them our own. You say we are to guard these priorities against anything that might dilute or negate them. And You say if we seek You first and foremost, then the rest of our life will fall into place, piece by piece.

So help us Father not to complicate our lives but simplify them by making You the focus of our trust and faith.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-ninth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 98th GENERAL ASSEMBLY

FIFTY-FIRST DAY, TUESDAY, APRIL 12, 2016

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Msgr. Robert A. Kurwicki, Chaplain.

The Lord thy God bless thee in all the work of thine hand which thou doest. (Deuteronomy 14:29)

O Lord, Our Ancient God, whose glory is in all the world and whose goodness shines in all that is beautiful, we commit ourselves and our State to Your merciful care: that being guided by Your spirit we may learn to dwell together in Your peace and to live by Your laws.

Grant that the work of this day may be in accordance with Your holy will. Give to us health of body, clarity of mind and strength of spirit that we may do what we need to do with all our hearts.

Deliver us from the fear and depression that destroys, from the futility and panic that deadens, and from the frustration and hatred that discourages us. May You guide us to work to make our dreams come true and to dream to make our work worth doing and living.

Keep our State strong. Let us walk, work and live together humbly in faith and freedom that Your glory shall be revealed in every effort we make to share illumination and perspective with all our citizens.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Clara Linhares, Mary Lorenz, Nolan Mahn, and Grant Thornberry.

The Journal of the fiftieth day was approved as printed.
